### *REPORT OF THE SUPERINTENDENT.*

To the Board of Trustees of the  
Manhattan Maternity and Dispensary.

Gentlemen :—

The First Annual Report of the Institution covering the opening and seven and a half months' active operation, ending September 30th, 1905, is herewith submitted.

On February 15th, 1905, the Manhattan Maternity and Dispensary was opened to the public for inspection, and on the following day patients were admitted to the wards.

The Institution occupies a five story building with thirty-five beds, five of which are for private patients. The charge for private rooms is from \$25.00 to \$50.00 per week, according to the size of the room.

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color.

Charity patients are also cared for in their own homes free of charge by the visiting doctors and nurses of the Institution.

The wards in the hospital are for charity patients as well as for those able to pay \$1.00 per day.

The Training School offers a three months' course for nurses who are pupils of a General Hospital Training School, which is registered, or eligible for the same. Classes are formed the first and fifteenth of every month, and pupils on admission are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week, pupils assist and attend demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Pupils are instructed under a supervising graduate nurse, and have the responsibility of the Delivery and Operating rooms as well as a general service on the private floor.

The last three weeks are spent in the Dispensary and

## *Manhattan Maternity and Dispensary.*

Tenement Home Service, where the nurse is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of Theoretical and Practical Obstetrics. In addition to this, pupils attend the Cornell University Clinics, held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician :—

Embryology,  
Abnormalities of Pregnancy,  
Care of Premature Infants,  
Infant Feeding,  
Toxæmia of Pregnancy,  
Complications and Emergencies,  
Asepsis and Puerperal Infection.

A similar course is offered to post graduate nurses of good standing.

During the seven and a half months since the opening of the Institution sixteen pupils have entered the school, thirteen of whom have been awarded diplomas, one has been unable to graduate on account of illness, and two have been dismissed for incompetency.

Very respectfully,

JESSIE WILSON MEWHORT,

Superintendent.

## *Manhattan Maternity and Dispensary.*

### *EDUCATIONAL DEPARTMENT.*

The Hospital is located at 327 East 60th Street, between First and Second Avenues, and can be reached directly by the Second Avenue trolley cars. The Second Avenue surface cars are only half a block distant, and the Third Avenue Elevated Railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for the courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for from six to ten internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases, in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in advance, in order to secure satisfactory dates for beginning their terms of service.

Attention is drawn to the fact that students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to be-

## *Manhattan Maternity and Dispensary.*

gin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfill their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### SPECIAL FEATURES OF THE COURSE OF INSTRUCTION IN THIS HOSPITAL ARE :

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

For further information address

MEDICAL BOARD,  
MANHATTAN MATERNITY AND DISPENSARY,  
327 East 60th Street, New York City.

## *Manhattan Maternity and Dispensary.*

### *MEDICAL SERVICE AND STATISTICS.*

THE MEDICAL BOARD.—This Board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Physicians. The Attending Physicians serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Physician on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Physician next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Physician on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

THE ASSISTANT ATTENDING PHYSICIANS.—These physicians serve for periods of one month, during the service of their respective Attending Physician. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Physician on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff ; is directly responsible to his Attending Physician for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Physician of any emergency occurring in said service. Each Assistant Attending Physician is present in the ante-partum rooms in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board ; and, when he is unable to visit the hospital, his duties are assumed by the Assistant next on turn.

## *Manhattan Maternity and Dispensary.*

THE RESIDENT STAFF.—They are regular graduates of medicine, and are appointed for periods of four months. They reside in the hospital, and are not absent from duty without permission from the Attending Physician. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interests of the hospital require.

THE RESIDENT PHYSICIAN.—He has charge of all the work in the hospital under the direction of the Attending Physician on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Physician any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Physician any emergency occurring in the home service, and, at his discretion, also to the Attending Physician. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relations to patients, and reports to the Attending Physician at his regular visit the condition of the hospital service.

THE ASSISTANT RESIDENT PHYSICIANS.—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

UNDER-GRADUATE COURSE.—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct

## *Manhattan Maternity and Dispensary*

control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### *SYNOPSIS OF COURSE.*

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of out-door cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for ten days, and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases in the hospital are used as clinics, and Juniors are expected to attend.

### *Manhattan Maternity and Dispensary.*

SENIOR WORK.—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and, when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

RECORD OF STUDENTS' WORK.—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Students' Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time, the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

CERTIFICATE OF WORK PERFORMED.—Each Interne upon leaving the institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

Daily average number of employees, boarded in hospital		30
Daily cost per capita for provisions, for all persons supported in hospital.....		\$0.27

## MANHATTAN MATERNITY AND DISPENSARY

### REPORT OF THE SUPERINTENDENT

To the Board of Trustees of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

The Second Annual Report of the Institution for the year ending September 30th, 1906, is herewith submitted.

One thousand two hundred and eighty-three patients have been treated in the different departments. In the hospital at the beginning of the year there were ten patients. There have been admitted 225 women during the twelve months, and 189 babies have been born in the hospital. The Dispensary has treated 398 women and babies. The Home Service has visited 236 women and 225 babies have been born and received treatment from the Visiting Physicians and Nurses.

The visits to patients in their homes total 5098. Of these the pupils in the Training School have made 1306, and the remaining 3792 have been the work of the Visiting Physicians and Medical Students.

Fifty-three Medical Students have completed the two weeks' course and been awarded certificates.

The work in the Home Service, as well as that in the hospital has rapidly increased within the last three months of the year. It has been found necessary to admit to the wards only the more complicated cases of pregnancy as well as the women from the Home Service where the general home surroundings were found utterly unfit for habitation at such a time.

The Visiting Nurse is now very well known throughout the entire district where she has brought cleanliness and comfort to all of her patients, especially the desolate, when against the advice of the Visiting Physician the patient has refused to enter the hospital.

The Nurses have instructed the mothers how to prepare and provide within their means for the coming event. In this way the cost of caring for a patient in the Home Service has greatly diminished.

The Training School for Nurses has instructed thirty-one pupils, and only one has been disqualified during the year.

## MANHATTAN MATERNITY AND DISPENSARY

The Course for Nurses continues to be three months, and during the year 312 Classes and Demonstrations have been given, as well as 162 hours of Practical Instruction, to the Medical Students on duty.

Twenty-three Post Graduate Nurses have applied for the Course and nine Training Schools have asked for affiliation.

The Nursing Staff comprises one Night Supervisor, one Head Nurse and nine pupils.

Many thanks are due to the Attending Physicians, for their medical care of the pupils of the School, and to Dr. W. H. Holzapfel, Ophthalmologist, for his services. Also to the Assisting Attending Staff and Resident Physician for their valued lectures and bedside instruction.

Respectfully,

JESSIE WILSON MEWHORT,

SUPERINTENDENT.

## MANHATTAN MATERNITY AND DISPENSARY

### EDUCATIONAL DEPARTMENT.

The hospital is located at 327 East 60th Street, between First and Second avenues, and can be reached directly by the Second avenue elevated railroad. The Second avenue surface cars are only half a block distant, and the Third avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for the courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for from six to ten Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases, in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in advance, in order to secure satisfactory dates for beginning their terms of service.

Attention is drawn to the fact that students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to

## MANHATTAN MATERNITY AND DISPENSARY

begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfill their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### **Special Features of the Course of Instruction in this Hospital are :**

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

For further information address

MEDICAL BOARD,

MANHATTAN MATERNITY AND DISPENSARY,

327 East 60th Street, New York City.

**MEDICAL SERVICE AND STATISTICS.**

**THE MEDICAL BOARD.**—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Physicians. The Attending Physicians serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Physician on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Physician next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Physician on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

**THE ASSISTANT ATTENDING PHYSICIANS.**—These physicians serve for periods of one month, during the service of their respective Attending Physician. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Physician on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff ; is directly responsible to his Attending Physician for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Physician of any emergency occurring in said service. Each Assistant Attending Physician is present in the ante-partum rooms in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board ; and, when he is unable to visit the hospital, his duties are assumed by the Assistant next on turn.

## MANHATTAN MATERNITY AND DISPENSARY

**THE RESIDENT STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital, and are not absent from duty without permission from the Attending Physician. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interests of the hospital require.

**THE RESIDENT PHYSICIAN.**—He has charge of all the work in the hospital under the direction of the Attending Physician on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Physician any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Physician any emergency occurring in the home service, and, at his discretion, also to the Attending Physician. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the Attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIANS.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER-GRADUATE COURSE.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct

## MANHATTAN MATERNITY AND DISPENSARY

control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of out-door cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days, and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases in the hospital are used as clinics, and Juniors are expected to attend.

## MANHATTAN MATERNITY AND DISPENSARY

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and, when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Students' Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time, the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATE OF WORK PERFORMED.**—Each Interne upon leaving the institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular OBJECTS for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD. That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH. That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Perey R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

MOSES TAYLOR.	(L. S.)
FRANK L. POLK.	(L. S.)
CORNELIUS VANDERBILT.	(L. S.)

LEMUEL A. WELLES,

(Seal.)

Notary Public, New York County.

I, THE UNDERSIGNED, a Justice of the Supreme Court of the State of New York, in and for the First Judicial District, do hereby approve the foregoing Certificate of Incorporation of the Manhattan Maternity and Dispensary, and consent that the same be filed.

Dated, New York, June 17, 1901.

JAMES A. BLANCHARD,

Justice of the Supreme Court,  
First Judicial District.

MANHATTAN MATERNITY AND DISPENSARY

APPROVAL OF THE STATE BOARD OF CHARITIES.

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY. }

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

NOW, THEREFORE, In pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 8, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,

President.

Attest:

ROBERT W. HIBBARD,

(Seal.)

Secretary.

# MANHATTAN MATERNITY AND DISPENSARY

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is

MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be chosen by the Board of Trustees.

The affairs of the Corporation shall be under the direction of a Board of nine Trustees. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Trustees, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but three shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Trustees shall have exclusive control of the funds of the corporation; authority to make by-laws, rules and regulations;

## MANHATTAN MATERNITY AND DISPENSARY

fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE V.

#### ENDOWED BEDS.

The Board of Trustees may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VI.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting nine Trustees shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY

### BY-LAWS OF THE BOARD OF TRUSTEES.

#### 1.—OF RULES AND REGULATIONS.

The Board of Trustees shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Trustees by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Trustees, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Trustees. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a Visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Trustees have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Board of Trustees at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Trustees shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Trustees shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Trustees may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Committee Reports.
6. Unfinished Business.
7. New Business.
8. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

Daily cost per capita for provisions, for all persons supported in hospital.....		\$0 30½

# MANHATTAN MATERNITY AND DISPENSARY

## REPORT OF THE SUPERINTENDENT

To the Board of Trustees of the

Manhattan Maternity and Dispensary,  
Gentlemen:—

The Third Annual Report of the Institution for the year ending September 30th, 1907, is herewith submitted.

At the beginning of the year October 1st, 1906, there were 24 patients in the hospital and 24 women and babies in the Home Service. Two hundred and eighty-three (283) women and babies have been admitted and 194 babies born in the hospital, making a total of 501 patients cared for in this department. The Dispensary has treated 815 women and babies. Patients visited in their homes number 807; making a grand total of 2,123 patients treated in all departments.

The following comparative statistics show the increase in the work since the opening of the Institution February 16th, 1905.

	*1905	1906	1907
Total patients cared for in the hospital.....	190	424	501
Total days treatment in the hospital.....	4,171	5,050	7,429
Average patients per day	19	14	20 $\frac{33}{100}$
Number patients visited in their homes.....	180	461	807
Number visits made to patients in their homes	2,835	5,098	7,934
Average visits per day.....	13	14	22
Total patients treated in all departments.....	400	1,283	1,308
Average patients per day treated in all departments.....	29	30	45 $\frac{31}{100}$
Total patients days treatment in all departments	5197*	9,929	16,530

\*The comparison made is for a full year's care for patients in 1906 and 1907 as against seven and a half months' actual care of patients in 1905.

Since the beginning of our work on the East Side, 1448 patients have been cared for, in their own homes with a mortality of only one mother and twelve babies.

## MANHATTAN MATERNITY AND DISPENSARY

During the months of November, December and part of January the indoor service was somewhat reduced owing to the necessity of painting the entire building, and tiling the floors. An extension on the rear roof of the fifth floor is nearly completed. The rooms, six in number, are to be used as sleeping quarters for the servants. In addition to these, there are a store room, linen closet, broom closet and lavatory. The basement rooms, now occupied by the servants, are to be fitted up as ironing and sorting rooms in connection with the laundry.

The interesting service of all departments has afforded valuable opportunities for teaching.

Forty-five Medical Students have been instructed and received certificates for the Two Week Course.

The Training School for Nurses averages twelve pupils. A class of two in number being formed the first and fifteenth of every month.

Thirty-five pupils have completed a three months' course, and have been awarded diplomas. Two have dropped out on account of ill health, and two have been disqualified.

Four hundred and eleven Classes, Lectures and Demonstrations have been given by the Instructors during the year, as well as one hundred and twenty hours of teaching in the wards and nursery to the Medical Students.

Twenty-five Post Graduates have applied for the course, and seven Schools have asked to be affiliated.

Of the 9,934 visits paid in the homes during the year, a daily average of 22, the Nurses have paid 3,850 visits, and by their observing, faithful, conscientious work, much has been done to comfort the patients, as well as being of indispensable assistants to the physicians in this branch of the work.

Our grateful thanks are extended to our many friends for their interest in our welfare during the year, also to the Attending and Assistant Attending Surgeons for their professional care of the Pupils of the School and their valuable lecture and bedside instruction.

Respectfully,

JESSIE W. MEWHORT,  
SUPERINTENDENT HOSPITAL AND TRAINING SCHOOL

# MANHATTAN MATERNITY AND DISPENSARY

## EDUCATIONAL DEPARTMENT

### Students

The hospital is located at 327 East 60th Street, between First and Second avenues, and can be reached directly by the Second avenue elevated railroad. The Second avenue surface cars are only half block distant, and the Third avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for from six to ten Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases, in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in advance, in order to secure satisfactory dates for beginning their terms of service.

Attention is drawn to the fact that students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to

## MANHATTAN MATERNITY AND DISPENSARY

begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfill their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### Special Features of the Course of Instruction in this Hospital are :

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

For further information address

MEDICAL BOARD,  
MANHATTAN MATERNITY AND DISPENSARY,  
327 East 60th Street, New York City.

### **Training School for Nurses**

The Training School offers a three months' course for Graduate Nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend Demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating room as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxaemia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Infant Feeding.

## MANHATTAN MATERNITY AND DISPENSARY

### Conditions On Which Schools Are Accepted

All yearly contracts are made and signed by the Superintendent of the Training School or proper official of the Institution.

Should either schools wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed the first and fifteenth of every month. Should these dates occur on Friday, Saturday or Sunday the change is made on the following Monday. In case of illness when a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy.

Should the pupil be unfit for duty after the first week of training a graduate of this school must be substituted.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tenement House Service a uniform is provided by the Hospital.

Owing to the limited lodging accommodation, nurses are requested to bring only the necessary wardrobe and text books. Baggage must be delivered before 5 p. m.

All laundry must be plain, no frills, and distinctly marked with owner's name.

Further information may be obtained from

JESSIE W. MEWHORT,  
Supt. Hospital and Training School

## MANHATTAN MATERNITY AND DISPENSARY

### MEDICAL SERVICE AND STATISTICS

**THE MEDICAL BOARD.**—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Physicians. The Attending Physicians serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Physician on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Physician next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Physician on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

**THE ASSISTANT ATTENDING PHYSICIANS.**—These physicians serve for periods of one month, during the service of their respective Attending Physician. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Physician on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff; is directly responsible to his Attending Physician for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Physician of any emergency occurring in said service. Each Assistant Attending Physician is present in the ante-partum rooms in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to visit the hospital, his duties are assumed by the Assistant next on turn.

## MANHATTAN MATERNITY AND DISPENSARY

**THE RESIDENT STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital, and are not absent from duty without permission from the Attending Physician. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital require.

**THE RESIDENT PHYSICIAN.**—He has charge of all the work in the hospital under the direction of the Attending Physician on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Physician any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Physician any emergency occurring in the home service, and, at his discretion, also to the Attending Physician. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instructions of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIANS.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER GRADUATE COURSE.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct

## MANHATTAN MATERNITY AND DISPENSARY

control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days, and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases in the hospital are used as clinics, and Juniors are expected to attend.

## MANHATTAN MATERNITY AND DISPENSARY

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and, when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Students' Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time, the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATE OF WORK PERFORMED.**—Each Interne upon leaving the institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular OBJECTS for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery, to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD. That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH. That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Percy R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

MOSES TAYLOR.	(L. S.)
FRANK L. POLK.	(L. S.)
CORNELIUS VANDERBILT.	(L. S.)
HENRY S. THOMPSON.	(L. S.)
DANIEL S. LAMONT.	(L. S.)
WILLIAM THORNE.	(L. S.)
PERCY R. PYNE.	(L. S.)

I, LEMUEL A. WELLES, a Notary Public, duly commissioned and qualified, do hereby certify that on this fourteenth day of March, one thousand nine hundred and one, before me personally appeared Cornelius Vanderbilt, to me known, and known to me to be the individual named in and who executed the foregoing certificate, and he thereupon acknowledged before me that he executed the same for the uses and purposes therein set forth.

LEMUEL A. WELLES,

(Seal.)

Notary Public, New York County.

I, THE UNDERSIGNED, a Justice of the Supreme Court of the State of New York, in and for the First Judicial District, do hereby approve the foregoing Certificate of Incorporation of the Manhattan Maternity and Dispensary, and consent that the same be filed.

Dated, New York, June 17, 1901.

JAMES A. BLANCHARD,

Justice of the Supreme Court,  
First Judicial District.

MANHATTAN MATERNITY AND DISPENSARY

APPROVAL OF THE STATE BOARD OF CHARITIES.

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY. }

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

NOW, THEREFORE, IN pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 8, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,  
President.

Attest:

ROBERT W. HIBBARD,  
(Seal.) Secretary.

# MANHATTAN MATERNITY AND DISPENSARY

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is

MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be chosen by the Board of Trustees.

The affairs of the Corporation shall be under the direction of a Board of nine Trustees. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Trustees, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but three shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Trustees shall have exclusive control of the funds of the corporation; authority to make by-laws, rules and regulations,

## MANHATTAN MATERNITY AND DISPENSARY

fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE V.

#### ENDOWED BEDS.

The Board of Trustees may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VI.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting nine Trustees shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY

### BY-LAWS OF THE BOARD OF TRUSTEES.

#### 1.—OF RULES AND REGULATIONS.

The Board of Trustees shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Trustees by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Trustees, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Trustees. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a Visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Trustees have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Board of Trustees at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Trustees shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Trustees shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Trustees may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Committee Reports.
6. Unfinished Business.
7. New Business.
8. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

## REPORT OF THE SUPERINTENDENT

To the Board of Trustees of the

Manhattan Maternity and Dispensary,

Gentlemen:—

The Fourth Annual Report of the Hospital and Training School for Nurses for the year ending September 30, 1908 is herewith respectfully submitted.

Three thousand four hundred and fifty-two patients have experienced the benefits of the Institution during the past year.

The Service in the different departments was as follows: In the Hospital Wards were treated 351 women and 279 babies, a total of 630, making an increase of 129 more than last year and reducing the daily average cost per capita 46 cents.

The Dispensary admitted 1,232 women with a total of 1,522 visits. Average visit per patient 1.23. One thousand five hundred and ninety patients have been treated in the homes, 607 women were confined, 589 babies born, and 133 women were treated post partum, transferred or are awaiting confinement. The remaining 151 babies are those treated post partum with mother, transferred from the Hospital nursery, or were on the Home service September 30, 1907. Total visits in this department, 11,159, an average of 30.6 per day at a cost of 62 $\frac{3}{4}$ c. per visit, including confinement, or \$12.10 for entire care of mother and child from time of application until discharged. Total mortality mothers 0, babies 6.

### COMPARATIVE STATISTICS

	*1905	1906	1907	1908
Total patients cared for in the hospital.....	190	424	501	630
Total days treatment in the hospital.....	4,171	5,050	7,429	10,328
Average patients per day..	19	14	20 $\frac{3}{10}$	29.48
Number patients visited in their homes.....	180	461	807	1,590
Number visits made to patients in their homes	2,835	5,098	7,934	11,159
Average visits per day...	13	14	22	30.6
Total patients treated in all departments.....	400	1,283	1,308	3,452
Average patients per day treated in all departments.....	29	30	45 $\frac{31}{100}$	63.3
Total patients days treatment in all departments	5,197	9,929	16,530	23,108
Total Operating Expenses	\$12,352.71	\$20,763.64	\$22,899.01	\$24,080.12
Total Nurses Instructed..	13	31	35	49
Total Medical Students Instructed..	27*	53	45	47

\*The comparison made is for a full year's care for patients in 1906, 1907 and 1908 as against seven and a half months' actual care of patients in 1905.

## MANHATTAN MATERNITY AND DISPENSARY

Owing to the generous coöperation of the Charities, Country Homes and Sea Side Hospitals, we have been able to send a large number of convalescent mothers with babies for a two weeks outing enabling the woman to return to her household duties, or obtain a position and support her child.

Thirty-two families have been reported and received food, clothing and fuel from the Association for Improving the Condition of the Poor.

The extension on the rear roof of the fifth floor of six sleeping rooms, lavatory and pantry, has added greatly to the facilities of the Housekeeping Department. The cementing of the yard has improved the property and in addition a tennis court has been marked off, affording pleasure and exercise for the staff and students.

Since the publication of the First Annual Report, September 30, 1905 the system of uniform accounting has been in accordance with that used so satisfactorily by several of the larger Hospitals in the City. Its simplicity and adaptability meeting all the requirements of the smaller Institution.

The Training School for Nurses has a staff of 14 pupils. Fifty three have entered during the year; 49 graduated, two dropped on account of illness and two dismissed. The "Three Months Course" necessitates forming classes fortnightly and requires almost constant teaching.

The classes have averaged three pupils, who during their course have individually received 28 demonstrations, 14 classes, 7 lectures, besides general bedside instruction in the different departments.

Totals for the year are as follows:

Demonstrations.....	672
Lectures.....	28
Classes.....	52

To the medical students 288 demonstrations, making a grand total of 1040, an average of 20 hours of class work a week. With the exception of the 28 hours of lectures, given by the Assistant Attending Surgeons, the teaching has been done by the Training School Staff.

The Home Service now requires three pupils and of the 11,159 visits during the year, the Training School has made 5,212, an average of 14 per day.

## MANHATTAN MATERNITY AND DISPENSARY

Forty seven medical students have been instructed and received certificates for a two weeks course.

Through the kindness of Mrs. Henry A. C. Taylor, Christmas was again remembered. The visiting nurses called at the homes of all the patients on the Home Service, leaving some useful gift as well as a toy and "sweets" for the little ones of the family.

At noon the hospital patients, nurses, doctors and employees enjoyed a Christmas Tree in the Wards.

It affords me great pleasure to announce the gift of \$400 to establish an emergency Relief Fund for destitute mothers and babies under our care in the tenements. This splendid charity is from an "Interested Friend" and is to be known as the "Thanksgiving Offering." A cheque of \$100 from "Baby J. L. M's Father and Mother," has also been donated to this Fund, which will bring comfort and happiness to our many poor and unfortunate patients, some of whom are destitute of fuel, food and clothing.

Our hearty thanks are due to our many friends who very generously remembered the Nurses Library.

The thoughtful gifts of magazines, flowers and clothing for the patients are of great value and are fully appreciated. I especially wish to extend our thanks through Dr. C. Irving Fisher, Superintendent of the Presbyterian Hospital for the ever ready willingness of the Ambulance Staff in conveying Emergency cases to and from the Hospital. To Strong and Cadwalader, Attorneys, for legal services, we also express our thanks.

Grateful acknowledgment is made to the Attending and Assistant Attending Staff for their lectures and medical attendance to the members of the Training School. Dr. James Ewing has very generously contributed his valuable time to the more complicated Pathology and Research work done during the year.

I extend to you my personal thanks for your unfailing interest and coöperation in the work of the Hospital and Training School.

Respectfully submitted,

JESSIE WILSON MEWHORT,  
Superintendent Hospital and Training School.

### **RULES AND REGULATIONS.**

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color. Charity patients are cared for in their own homes free of charge by the visiting doctors and nurses. The Hospital service is for all those requiring care during pregnancy, confinement, and the puerperium. The wards are for charity patients as well as for those able to pay \$1.00 per day—a double room of two beds on ward floor with private floor meals is \$15.00 per week.

Private Rooms range from \$12.50 to \$35.00 per week, according to size. A fee of \$10.00 is charged for supplies and use of Delivery Room at time of confinement. The above rate for Private Rooms does not include physician's fee.

### TRAINING SCHOOL FOR NURSES

---

The Training School offers a three months course for Graduate Nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend Demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating room as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxæmia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Infant Feeding.

## MANHATTAN MATERNITY AND DISPENSARY

### Conditions On Which Schools are Accepted

---

All yearly contracts are made and signed by the Superintendent of the Training School or proper official of the Institution.

Should either schools wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed the first and fifteenth of every month. Should these dates occur on Friday, Saturday or Sunday the change is made on the following Monday. In case of illness when a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy.

Should the pupil be unfit for duty after the first week of training a graduate of this school must be substituted.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tencment House Service a uniform is provided by the Hospital.

Owing to the limited lodging accommodation, nurses are requested to bring only the necessary wardrobe and text books. Baggage must be delivered before 5 p. m.

All laundry must be plain, no frills, and distinctly marked with owner's name.

Further information may be obtained from

JESSIE W. MEWHORT, R. N.,  
SUPT. HOSPITAL AND TRAINING SCHOOL.

## MANHATTAN MATERNITY AND DISPENSARY

### EDUCATIONAL DEPARTMENT

#### Students

The hospital is located at 327 East 60th Street, between First and Second avenues, and can be reached directly by the Second avenue elevated railroad. The second avenue surface cars are only half block distant, and the Third avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for from six to ten Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases, in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in

## MANHATTAN MATERNITY AND DISPENSARY

advance, in order to secure satisfactory dates for beginning their terms of service.

Attention is drawn to the fact that students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfil their agreement.

Physicians and students are termed " Internes " during their residence in the hospital.

### **Special Features of the Course of Instruction in this Hospital are:**

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

For further information address

MEDICAL BOARD,  
MANHATTAN MATERNITY AND DISPENSARY,  
327 East 60th Street, New York City.

### MEDICAL SERVICE AND STATISTICS

**THE MEDICAL BOARD.**—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Surgeons. The Attending Surgeons serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Surgeon on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Surgeon next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Surgeon on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

**THE ASSISTANT ATTENDING SURGEONS.**—These Surgeons serve for periods of one month, during the service of their respective Attending Surgeon. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Surgeon on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff; is directly responsible to his Attending Surgeon for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Surgeon of any emergency occurring in said service. Each Assistant Attending Surgeon is present in the ante-partum room in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to

## MANHATTAN MATERNITY AND DISPENSARY

visit the hospital, his duties are assumed by the Assistant next on turn.

**THE RESIDENT STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital, and are not absent from duty without permission from the Attending Surgeon. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital require.

**THE RESIDENT PHYSICIAN.**—He has charge of all the medical work in the hospital under the direction of the Attending Surgeon on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Surgeon any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Surgeon any emergency occurring in the home service, and, at his discretion, also to the Attending Surgeon. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIANS.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER GRADUATE COURSES.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular

## MANHATTAN MATERNITY AND DISPENSARY

course of two weeks' instruction. They are under the direct control of the Resident Physician, and are assigned cases in regular rotation. No Interns can be absent from the hospital all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Intern must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days, and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interns, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases in the hospital are used as clinics, and Juniors are expected to attend.

## MANHATTAN MATERNITY AND DISPENSARY

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and, when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Students' Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time, the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATE OF WORK PERFORMED.**—Each Interne upon leaving the institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular objects for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD. That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH. That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Percy R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

MOSES TAYLOR.	(L. S.)

MANHATTAN MATERNITY AND DISPENSARY

APPROVAL OF THE STATE BOARD OF CHARITIES.

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY. }

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

Now, THEREFORE, In pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 8, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,

Attest:

President.

ROBERT W. HIBBARD,

(Seal.)

Secretary

# MANHATTAN MATERNITY AND DISPENSARY

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is  
MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be chosen by the Board of Trustees.

The affairs of the Corporation shall be under the direction of a Board of nine Trustees. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Trustees, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but three shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Trustees shall have exclusive control of the funds of the corporation; authority to make by-laws, rules and regulations;

## MANHATTAN MATERNITY AND DISPENSARY

fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE V.

#### ENDOWED BEDS.

The Board of Trustees may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VI.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting nine Trustees shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY

### BY-LAWS OF THE BOARD OF TRUSTEES.

#### 1.—OF RULES AND REGULATIONS.

The Board of Trustees shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Trustees by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Trustees, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Trustees. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a Visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Trustees have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Board of Trustees at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Trustees shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Trustees shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Trustees may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Committee Reports.
6. Unfinished Business.
7. New Business.
8. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

## MANHATTAN MATERNITY AND DISPENSARY

### REPORT OF THE SUPERINTENDENT.

To the Board of Trustees of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

It gives me pleasure to present the Fifth Annual Report of the Hospital and Training School for Nurses. Four thousand four hundred and forty-two persons have been cared for by the Institution. There were treated in the Wards and Nursery 778 patients, an average of 30.9 per day, at a cost of one dollar and sixty one and one tenth cents per patient. Fifteen hundred and thirty women applied to the Dispensary for care during confinement, making the total visits in the department 1,996.

Total patients treated in their homes number 2,134, there were confined 883 and 821 babies were born. These patients received a total of 14,493 calls from the doctors, students and visiting nurses. Average visits per day, 39.70; cost per visit 53½ cents; this includes confinement and all general supplies.

Owing to the limited lodging accommodation for pupil nurses it is impossible to enlarge the classes and with the increase of 3335 visits more than last year it has made the work very heavy and over taxed to some extent, all those connected with this department. This branch of the work has made the greatest strides and now requires a graduate to take charge of the visiting and make herself thoroughly familiar with all the patients in their homes. During the year only three pupil nurses could be installed in this department and it is earnestly hoped that means may be acquired to have a nursing staff of five pupils for the Home Department supervised by a Graduate Instructor. The Training School census is as follows:

Superintendent Hospital and Training School.....	1
Assistant Superintendent.....	1
Head Nurse Operating Room and Dispensary.....	1
Night Supervisor.....	1
Pupils.....	14

Fifty seven nurses completed the course making a total of 185 graduates since the opening of the school four and a half years ago.

Fifty nine medical students have been instructed and eleven House Surgeons have taken the three months' service.

## MANHATTAN MATERNITY AND DISPENSARY

Through the kindness of an "Interested Friend" we have been able to give immediate temporary relief to the destitute patients and their families in the tenements until such cases could be reported, their financial condition and needs investigated, and then cared for by the different charitable societies.

Thirty five families have had light, fuel, food and clothing from the Thanksgiving Fund and were afterwards cared for by the Association for Improving the Condition of the Poor. During the year 38 mothers with infants were sent to country homes or placed in institutions or private families where they could work and support the child.

On Christmas Day Mrs. Henry A. C. Taylor gladdened the hearts of all those caring, and being cared for by the Hospital. Our grateful thanks are due our many friends for their thoughtful gifts of flowers, fruit, books and opportunities for entertainment.

Thanks are due the Assisting Attending Surgeons for their lectures to the pupils of the school.

May I also add my personal thanks for the ever ready support and encouragement from the Trustees and my assistants in furthering the welfare and success of the work.

Respectfully submitted,

JESSIE WILSON MEWHORT, R. N.

Superintendent Hospital and Training School.

### **RULES AND REGULATIONS.**

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color. Charity patients are cared for in their own homes free of charge by the visiting doctors and nurses. The Hospital service is for all those requiring care during pregnancy, confinement, and the puerperium. The wards are for charity patients as well as for those able to pay \$1.00 per day—a double room of two beds on ward floor with private floor meals is \$15.00 per week.

Private Rooms range from \$12.50 to \$35.60 per week, according to size. A fee of \$10.00 is charged for supplies and use of Delivery Room at time of confinement. The above rate for Private Rooms does not include physician's fee.

### TRAINING SCHOOL FOR NURSES.

The Training School offers a three months course for Graduate Nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend Demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating room as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxæmia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Infant Feeding.

### Conditions On Which Schools are Accepted.

All yearly contracts are made and signed by the Principal of the Training School or proper official of the Institution.

Should either schools wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed the first and fifteenth of every month. Should these dates occur on Friday, Saturday or Sunday the change is made on the following Monday. In case of illness when a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy.

Should the pupil be unfit for duty after the first week of training a graduate of this school must be substituted.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tenement House Service a uniform is provided by the Hospital.

Owing to the limited lodging accommodation, nurses are requested to bring only the necessary wardrobe and text books. Baggage must be delivered before 5 p.m.

All laundry must be plain, no frills, and distinctly marked with owner's name.

Further information may be obtained from

JEAN M. COUCHEUR, R. N.,  
PRINCIPAL TRAINING SCHOOL.

## MANHATTAN MATERNITY AND DISPENSARY

### EDUCATIONAL DEPARTMENT.

#### Students.

The hospital is located at 327 East 60th Street, between First and Second avenues, and can be reached directly by the Second avenue elevated railroad. The second avenue surface cars are only half block distant, and the Third avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for from six to ten Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases, in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in

## MANHATTAN MATERNITY AND DISPENSARY

advance, in order to secure satisfactory dates for beginning their terms of service.

Attention is drawn to the fact that students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfil their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### **Special Features of the Course of Instruction in this Hospital are:**

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

For further information address

MEDICAL BOARD,  
MANHATTAN MATERNITY AND DISPENSARY,  
327 East 60th Street, New York City.

### MEDICAL SERVICE AND STATISTICS.

THE MEDICAL BOARD.—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Surgeons. The Attending Surgeons serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Surgeon on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Surgeon next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Surgeon on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

THE ASSISTANT ATTENDING SURGEONS.—These Surgeons serve for periods of one month, during the service of their respective Attending Surgeon. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Surgeon on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff: is directly responsible to his Attending Surgeon for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Surgeon of any emergency occurring in said service. Each Assistant Attending Surgeon is present in the ante-partum room in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to

## MANHATTAN MATERNITY AND DISPENSARY

visit the hospital, his duties are assumed by the Assistant next on turn.

**THE RESIDENT STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital and are not absent from duty without permission from the Attending Surgeon. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital require.

**THE RESIDENT PHYSICIAN.**—He has charge of all the medical work in the hospital under the direction of the Attending Surgeon on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Surgeon any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Surgeon any emergency occurring in the home service, and, at his discretion, also to the Attending Surgeon. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the Attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIANS.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER GRADUATE COURSES.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hos-

## MANHATTAN MATERNITY AND DISPENSARY

pital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases

## MANHATTAN MATERNITY AND DISPENSARY

in the hospital are used as clinics, and Juniors are expected to attend.

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Students' Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATE OF WORK PERFORMED.**—Each Interne upon leaving the institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular objects for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD: That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH: That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Percy R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

MOSES TAYLOR.	(L. S.)
FRANK L. POLK.	(L. S.)
CORNELIUS VANDERBILT.	(L. S.)
HENRY S. THOMPSON.	(L. S.)
DANIEL S. LAMONT.	(L. S.)
WILLIAM THORNE.	(L. S.)
PERCY R. PYNE.	(L. S.)

STATE OF NEW YORK, }  
COUNTY OF NEW YORK. } ss:

I, LEMUEL A. WELLES, a Notary Public duly commissioned and qualified, do hereby certify that on the fourteenth day of March, one thousand nine hundred and one, before me personally appeared Moses Taylor, and that on the fifteenth day of March, one thousand nine hundred and one, before me personally appeared Percy R. Pyne, and that on the fifteenth day of March, one thousand nine hundred and one, before me personally appeared Daniel S. Lamont, and that on the fourteenth day of March, one thousand nine hundred and one, before me personally

## MANHATTAN MATERNITY AND DISPENSARY

appeared Frank L. Polk, that on the fourteenth day of March, one thousand nine hundred and one, before me personally appeared Henry S. Thompson, that on the fifteenth day of March, one thousand nine hundred and one, before me personally appeared William Thorne, to me severally known, and known to me to be the individuals named in and who executed the foregoing certificate, and they thereupon severally acknowledged before me that they did execute the same for the uses and purposes therein set forth.

LEMUEL A. WELLES,

(Seal.)

Notary Public, New York County.

STATE OF NEW YORK, }  
COUNTY OF NEW YORK. } ss.

I, LEMUEL A. WELLES, a Notary Public, duly commissioned and qualified, do hereby certify that on this fourteenth day of March, one thousand nine hundred and one, before me personally appeared Cornelius Vanderbilt, to me known, and known to me to be the individual named in and who executed the foregoing certificate, and he thereupon acknowledged before me that he executed the same for the uses and purposes therein set forth.

LEMUEL A. WELLES,

(Seal.)

Notary Public, New York County.

I, THE UNDERSIGNED, a Justice of the Supreme Court of the State of New York, in and for the First Judicial District, do hereby approve the foregoing Certificate of Incorporation of the Manhattan Maternity and Dispensary, and consent that the same be filed.

Dated, New York, June 17, 1901.

JAMES A. BLANCHARD,

Justice of the Supreme Court,  
First Judicial District.

MANHATTAN MATERNITY AND DISPENSARY

APPROVAL OF THE STATE BOARD OF CHARITIES.

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY. }

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

NOW, THEREFORE, IN pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 8, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,

Attest:

President.

ROBERT W. HIBBARD,

(Seal.)

Secretary.

# MANHATTAN MATERNITY AND DISPENSARY

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is  
MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be chosen by the Board of Trustees.

The affairs of the Corporation shall be under the direction of a Board of nine Trustees. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Trustees, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but three shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Trustees shall have exclusive control of the funds of the corporation; authority to make by-laws, rules and regulations

## MANHATTAN MATERNITY AND DISPENSARY

fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE V.

#### ENDOWED BEDS.

The Board of Trustees may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VI.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting nine Trustees shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY

### BY-LAWS OF THE BOARD OF TRUSTEES.

#### 1.—OF RULES AND REGULATIONS.

The Board of Trustees shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Trustees by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Trustees, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Trustees. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a Visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Trustees have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Board of Trustees at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Trustees shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Trustees shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Trustees may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Committee Reports.
6. Unfinished Business.
7. New Business.
8. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

Total patients treated in all departments (including babies).....		5864
Total days treatment in all departments.....		33096
Average patients treated per day in all departments..		90.67
Daily average number employees boarded in hospital..		26.32
Daily average number pupil nurses boarded in hospital..		13.72
Daily average number staff doctors boarded in hospital..		3.94
Daily cost per capita for provisions for all persons supported in hospital.....		\$ .26 $\frac{2}{3}$
Cost for entire care of mother and child during confinement in own home, from time of application until discharged.....		\$9.15

Of the patients admitted to the indoor service (not including babies) 76.87% were received without charge.

While two thousand six hundred eighty-two (2682) patients were visited, there were but one thousand and one (1001) confinements, and nine hundred and thirty-nine (939) babies born in the Home Service. The explanation of this being that many visits were made by doctors and nurses under conditions intimately connected with our work, but such cases could not be strictly classed as confinements.

A change in the personnel of the staff of house officers was made at the beginning of the year because of the resignation of the superintendent, Miss Jessie W. Mewhort, now Mrs. B. H. Gray, who had occupied that position from the opening of the institution, and whose efficient administration has been so plainly evinced in its success. To the assistant superintendent was given the office of principal of the training school also, and, an

## MANHATTAN MATERNITY AND DISPENSARY

additional graduate nurse was secured to act as her assistant and head nurse in the Dispensary.

This last named with two additional employees and some necessary increases in salaries and wages account for the larger payroll.

We are confronted this year with the largest deficit the hospital has ever met at the end of any one year, but when cognizance is taken of the both extensive and expensive repairs and improvements made this does not appear quite so appalling. The plumbing which was originally concealed, was entirely changed to exposed at an expense of \$2,597.02; an additional bathroom with most complete furnishings; a new one hundred fifty (150) gallon hot water tank, with heater, for laundry; the windows of the entire building refitted with shades; some renewed and additional equipment; a quantity of china, linen, and a limited amount of furniture, with the painting of nearly all the interior, and the wood and iron work of the exterior of the building, coupled with the increased cost of living and the enlargement of the work, account for this in a satisfactory manner.

The necessity of renting additional space for the nurses at an expense of about one hundred (\$100.00) per month, represents one large item of the expenses, as well as a pressing need of the hospital, namely, space connected with the building for our nurses.

Even with these apartments rented by us, the force of nurses is too small for the demands of the work, besides making it out of the question to receive all who would gladly secure a training here.

Because of the above condition, the district in which we attend women in confinement has been reduced by fifteen (15) uptown blocks.

A glance at the comparative statistics found elsewhere shows the steady development of the work from year to year; but, it tells only in part of the great benefits secured to those who ask for our care. Frequently it is impressed upon us that the purposes, attainments and needs of this institution are understood only in a limited way, or else surely greater assistance would be given to it.

The effects of the labor conditions have been most noticeable, and many calls for temporary relief in the way of food, fuel, bedding and clothing have been made upon our Emergency

## MANHATTAN MATERNITY AND DISPENSARY

Relief Fund, a "Thanksgiving Offering" of five hundred (\$500.00) dollars made some two years ago, which, naturally after the forty-one (41) calls met by it during this past year alone, is very much depleted.

Fifty-seven (57) medical students have been instructed, and seventeen (17) house surgeons have completed a three (3) months course.

To Mrs. Henry A. C. Taylor our very sincere gratitude is due for the generous cheque which enabled us to give Christmas cheer to patients, both in hospital and homes (as every one then on the service was remembered), nurses, doctors, and employees. Particularly we appreciated the power it gave us to provide fuel and food where apparently none would have otherwise found its way.

Again it is the privilege of this hospital to thus publicly acknowledge the continued courtesy of Dr. Irving C. Fisher, Superintendent of the Presbyterian Hospital, in the matter of placing their ambulance at our disposal in cases of necessity.

To the Directors, Medical Staff, and, all who have worked with me, I would present my sincere thanks for the unfailing confidence, courtesy and support accorded me during this, my first year as superintendent of this hospital.

Submitted,

NANCY E. CADMUS, R. N.,

*Superintendent.*

September 30, 1910.

# MANHATTAN MATERNITY AND DISPENSARY

## REPORT OF THE RESIDENT PHYSICIAN.

To the Board of Trustees of the  
Manhattan Maternity and Dispensary.

Average patients per day treated in all departments....	29	30	45.31	63.3	83.8	90.67
Total patients days treatment in all departments.....	5,197	9,929	16,530	23,108	30,590	33,096
Total Operating Expenses.....	\$12,352.71	\$20,763.64	\$22,899.01	\$24,080.12	\$26,185.83	\$36,820.92
Total Nurses Instructed.....	13	31	35	49	57	52
Total Medical Students Instructed.....	27*	53	45	47	59	57

\* The comparison made is for a full year's care for patients in 1906, 1907, 1908, 1909 and 1910, as against seven and a half months actual care of patients in 1905.

### **RULES AND REGULATIONS.**

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color. Charity patients are cared for in their own homes free of charge by the visiting doctors and nurses. The Hospital service is for all those requiring care during pregnancy, confinement, and the puerperium. The wards are for charity patients as well as for those able to pay \$1.00 per day—a double room of two beds on ward floor with private floor meals is \$15.00 per week.

Private Rooms range from \$12.50 to \$35.00 per week, according to size. A fee of \$10.00 is charged for supplies and use of Delivery Room at time of confinement. The above rate for Private Rooms does not include physician's fee.

## REPORT OF THE PRINCIPAL OF THE TRAINING SCHOOL FOR NURSES.

To the Board of Trustees of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

It gives me pleasure to submit the Sixth Annual Report of the Training School for Nurses, of which I have been Principal one year.

The present census of the school is as follows:

Principal of the Training School.....	1
Assistant Principal and Dispensary Nurse.....	1
Night Supervisor.....	1
Operating Room Nurse.....	1
Pupils.....	16

Average number of pupils 14, being increased by two during the past month, making a total of sixteen now under instruction.

Total number of pupils entered.....	61
Total number graduated.....	52
Total number graduated since opening of school in 1905.....	230

Seven did not complete course. Four through illness, two for misconduct, and one because of illness at home. Of these two have re-entered to take course over again. One nurse returned to finish course interrupted by illness in 1908.

Schools applying for affiliation nineteen, nine being accepted, our accommodation for nurses being too limited to permit of a greater number.

Twenty-five graduates have asked for a Post-Graduate course. One has been accepted and graduated.

Graduate nurses are deterred from entering, mainly, because they must room outside the Hospital at their own expense.

The nurses have cared for, in wards and nurseries, 875 patients. This is a large number when we consider that allowing for meals, class work, lectures and recreation, the number of nurses on duty at any one time is necessarily small.

Demonstrations have been given, in wards and nurseries,

## MANHATTAN MATERNITY AND DISPENSARY

to the internes on duty in the Hospital, though in a rather desultory manner, as owing to the pressure of the work at times, they were not always able to attend.

The Dispensary and Home Service has had a remarkably active year.

Only three nurses being available for this branch of the work, the service was cut down 15 blocks, as we were not able to cope with it. Of the 16,731 visits made 9,537 were made by the nurses.

A supervising graduate nurse has been installed in this department and excellent results obtained.

Patients when applying to Dispensary for Home treatment, are interviewed and home conditions ascertained. They are visited in their homes, and immediate relief provided for those in need. The nurses are instructed and the work supervised.

The Thanksgiving Fund has enabled us to care for 41 families, food, fuel and clothing having been supplied until such cases could be reported, investigated and assistance rendered by the various charity organizations.

We are indebted to the Association for Improving the Condition of the Poor for their ready help and promptness in responding to all calls made upon them.

Our "Thanksgiving Fund" has been supplemented by gifts of clothing sent in from time to time, which we greatly appreciate.

The apartments procured for the nurses are fully appreciated and our thanks are due the Trustees, through whom we were enabled to secure such comfortable quarters.

Grateful acknowledgment is made to the Attending Assistant Surgeons and Resident Physician for the course of 28 lectures delivered to the nurses.

May I add my personal thanks to the Trustees, Medical Staff, Superintendent and my Assistants in furthering the work in this department.

Submitted,

JEAN M. COUCHEUR, R. N.,  
*Principal of the Training School.*

- Margaret Irish—Class '09 Parks Hospital, Glens Falls, New York.
- Grace Willa Overmoyer—Class '09 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Lottie Kathleen MacInnis—Class '09 Waterbury Hospital, Waterbury, Conn.
- Eleanor Martha Stuart—Class '10 Christ Hospital, Jersey City, N. J.
- Stella Womelsdorf—Class '10 St. Luke's Hospital, South Bethlehem, Pa.
- Florence Allen Fowler—Class '10 Moses Taylor Hospital, Scranton, Pa.
- Eleanor Ecob Hamilton—Class '09 S. R. Smith Infirmary, Staten Island, N. Y.
- Cora May Cady—Class '10 S. R. Smith Infirmary, Staten Island, N. Y.
- Lillian Taylor—Class '10 Christ Hospital, Jersey City, N. J.
- Agnes Lucina Duane—Class '10 Swedish Hospital, Brooklyn, N. Y.
- Marie Louise Desjardine—Class '10 Christ Hospital, Jersey City, N. J.
- Louise Antoinette Booth—Class '10 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Dorothy Willard—Class '10 Waterbury Hospital, Waterbury, Conn.
- Elizabeth Macdonald—Class '10 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Claribel Walton—Class '10 Glen Falls Hospital, Glen Falls, N. Y.
- Vera Lucia Bergmann—Class '10 Christ Hospital, Jersey City, N. J.
- Elsie Isabel Neusch—Class '10 St. Luke's Hospital, South Bethlehem, Pa.
- Jean D. Aiken—Class '10 Moses Taylor Hospital, Scranton, Pa.

## MANHATTAN MATERNITY AND DISPENSARY

- Helen Jeanette Woodbridge—Class '10 Moses Taylor Hospital, Scranton, Pa.
- May Rose—Class '10 S. R. Smith Infirmary, Staten Island, N. Y.
- Violet Cruikshank—Class '10 S. R. Smith Infirmary, Staten Island, N. Y.
- Lillian Richardson—Class '10 Christ Hospital, Jersey City, N. J.
- Ethelyn Muncy—Class '10 Swedish Hospital, Brooklyn, N. Y.
- Minnie Blome—Class '10 Christ Hospital, Jersey City, N. J.
- Effie Lamont—Class '10 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Elsie Gertrude Robinson—Class '10 Glen Falls Hospital, Glen Falls, N. Y.
- Ethel May Clyne—Class '10 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Elsie Marion Taylor—Class '10 Waterbury Hospital, Waterbury, Conn.
- Florence Maud Wagner—Class '10 Christ Hospital, Jersey City, N. J.
- Constance Clare Douet—Class '10 Christ Hospital, Jersey City, N. J.
- Helen Hannah Schooley—Class '11 St. Luke's Hospital, South Bethlehem, Pa.
- Maude Richardson Hopkins—Class '10 S. R. Smith Infirmary, Staten Island, N. Y.
- Anna Katharine Ward—Class '10 Moses Taylor Hospital, Scranton, Pa.
- Lillian May Daley—Class '10 S. R. Smith Infirmary, Staten Island, N. Y.
- Bertha D. Chandler—Class '10 Christ Hospital, Jersey City, N. J.
- Frances Margaret Carroll—Class '11 Swedish Hospital, Brooklyn, N. Y.
- Katharine Hartung Briggs—Class '11 Christ Hospital, Jersey City, N. J.
- Louise Elizabeth Link—Class '10 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Grace E. McCoy—Class '10 Vassar Brothers Hospital, Poughkeepsie, N. Y.
- Bertha Bailey—Class '10 Waterbury Hospital, Waterbury, Conn.
- Laura May Gilmore—Class '08 General and Marine Hospital, St. Catharines, Ont.
- Loretta Rachel Buckley—Class '11 Glen Falls Hospital, Glen Falls, N. Y.
- Emma Julia Myers—Class '10 S. R. Smith Infirmary, Staten Island, N. Y.
- Letitia Hall—Class '09 S. R. Smith Infirmary, Staten Island, N. Y.
- Ruth Parker—Class '10 Christ Hospital, Jersey City, N. J.
- Ada Elizabeth Hixson—Class '11 St. Luke's Hospital, South Bethlehem, Pa.
- Jessie Nettleton Willans—Class '08 S. R. Smith Infirmary, Staten Island, N. Y.
- Gertrude Laumer—Class '11 S. R. Smith Infirmary, Staten Island, N. Y.
- Mary Sophia Hart—Class '11 Moses Taylor Hospital, Scranton, Pa.
- Anna Elizabeth Carlson—Class '11 Swedish Hospital, Brooklyn, N. Y.

## MANHATTAN MATERNITY AND DISPENSARY

### MEDICAL STUDENTS GRADUATED.

FROM MAY 1, 1905, TO SEPTEMBER 30, 1905.

NAME	GRADUATE OF
R. Travis Atkins.....	Bellevue Medical College
Henry Aronson.....	Cornell University Medical College
E. L. Friedman.....	Cornell University Medical College

### TRAINING SCHOOL FOR NURSES.

---

The Training School offers a three months course for Graduate Nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend Demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating room as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxæmia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Infant Feeding.

## MANHATTAN MATERNITY AND DISPENSARY

### Conditions On Which Schools are Accepted.

---

All yearly contracts are made and signed by the Principal of the Training School or proper official of the Institution.

Should either school wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed the first and fifteenth of every month. Should these dates occur on Friday, Saturday or Sunday the change is made on the following Monday. In case of illness when a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy.

Should the pupil be unfit for duty after the first week of training a graduate of this school must be substituted.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tenement House Service a uniform is provided by the Hospital.

Owing to the limited lodging accommodation, nurses are requested to bring only the necessary wardrobe and text books. Baggage must be delivered before 5 p.m.

All laundry must be plain, no frills, and distinctly marked with owner's name.

Further information may be obtained from

JEAN M. COUCHEUR, R. N.,  
PRINCIPAL TRAINING SCHOOL.

## MANHATTAN MATERNITY AND DISPENSARY

### EDUCATIONAL DEPARTMENT.

#### Students

The hospital is located at 327 East 60th Street, between First and Second avenues, and can be reached directly by the Second avenue elevated railroad. The second avenue surface cars are only half block distant, and the Third avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for from six to ten Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases, in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

A fee of \$10 is charged for a regular course of two weeks.

Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in

## MANHATTAN MATERNITY AND DISPENSARY

advance, in order to secure satisfactory dates for beginning their terms of service. All fees must be paid on day of registration.

Attention is drawn to the fact that students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfil their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### **Special Features of the Course of Instruction in this Hospital are,**

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

For further information address

MEDICAL BOARD,  
MANHATTAN MATERNITY AND DISPENSARY,  
327 East 60th Street, New York City.

**MEDICAL SERVICE AND STATISTICS.**

**THE MEDICAL BOARD.**—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Surgeons. The Attending Surgeons serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Surgeon on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Surgeon next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Surgeon on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

**THE ASSISTANT ATTENDING SURGEONS.**—These Surgeons serve for periods of one month, during the service of their respective Attending Surgeon. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Surgeon on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff; is directly responsible to his Attending Surgeon for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Surgeon of any emergency occurring in said service. Each Assistant Attending Surgeon is present in the ante-partum room in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to

## MANHATTAN MATERNITY AND DISPENSARY

visit the hospital, his duties are assumed by the Assistant next on turn.

**THE RESIDENT STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital and are not absent from duty without permission from the Attending Surgeon. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital requires.

**THE RESIDENT PHYSICIAN.**—He has charge of all the medical work in the hospital under the direction of the Attending Surgeon on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Surgeon any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Surgeon any emergency occurring in the home service, and, at his discretion, also to the Attending Surgeon. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the Attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIANS.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER GRADUATE COURSES.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hos-

## MANHATTAN MATERNITY AND DISPENSARY

pital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases

## MANHATTAN MATERNITY AND DISPENSARY

in the hospital are used as clinics, and Juniors are expected to attend.

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Students' Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time the amount of work performed in the Dispensary and Hospital services by each Intern, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATE OF WORK PERFORMED.**—Each Intern upon leaving the institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular objects for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD. That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH: That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

MANHATTAN MATERNITY AND DISPENSARY

APPROVAL OF THE STATE BOARD OF CHARITIES.

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY. }

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

NOW, THEREFORE, IN pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 3, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,  
President.

Attest:

ROBERT W. HIBBARD,  
(Seal.) Secretary.

# MANHATTAN MATERNITY AND DISPENSARY

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is

MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be chosen by the Board of Trustees.

The affairs of the Corporation shall be under the direction of a Board of nine Trustees. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Trustees, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but three shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Trustees shall have exclusive control of the funds of the corporation; authority to make by-laws, rules and regulations;

## MANHATTAN MATERNITY AND DISPENSARY

fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE V.

#### ENDOWED BEDS.

The Board of Trustees may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VI.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting nine Trustees shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY

### BY-LAWS OF THE BOARD OF TRUSTEES.

#### 1.—OF RULES AND REGULATIONS.

The Board of Trustees shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Trustees by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Trustees, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Trustees. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a Visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Trustees have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Board of Trustees at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Trustees shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Trustees shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Trustees may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Committee Reports.
6. Unfinished Business.
7. New Business.
8. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Trustees, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

### RULES AND REGULATIONS.

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color. Charity patients are cared for in their own homes free of charge by the visiting doctors and nurses. The Hospital service is for all those requiring care during pregnancy, confinement, and the puerperium. The wards are for charity patients as well as for those able to pay \$1.00 per day.

Private Rooms range from \$15.00 to \$30.00 per week, according to size. A fee of \$10.00 is charged for supplies and use of Delivery Room at time of confinement. The above rate for Private Rooms does not include physician's fee.

The hours for receiving applications for ward, are 2 to 4 p.m., for private rooms, 11 a.m., daily excepting Sundays and holidays.

## REPORT OF THE SUPERINTENDENT.

To the Board of Directors of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

The Seventh Annual Report of the Manhattan Maternity and Dispensary for the year ended September 30, 1911 is herewith submitted.

Statistics:

Patients remaining in hospital September 30, 1910	27
Patients admitted to hospital	
Ward Free (including babies).....	352
Ward Pay (including babies).....	103
Private (including babies).....	74
Total.....	529
Confinements in hospital.....	457
Babies born in hospital.....	434
Discharged from hospital.....	907
Transferred to other institutions.....	3
Died in hospital.....	
.....women.....	9
.....babies.....	22
Total.....	31
Remaining in hospital, September 30, 1911.....	49
Total patients cared for in hospital.....	
.....women.....	531
.....babies.....	459
Total.....	990
Total days treatment in hospital	
Ward Free Patients.....	8373
Ward Pay Patients.....	2239
Private Patients.....	2024
Total.....	12636
Average patients per day.....	34.6
Average time per patient.....	12.76 days
Daily average cost per patient (including baby).....	\$2.425

## APPLICATION DEPARTMENT AND DISPENSARY.

Applications for hospital service.....	666
Applications for home service.....	1202
Total.....	1868
Dispensary Visits.....	384
Average visits per patient.....	1.2
Average cost per visit.....	\$0.445
Average cost per patient.....	\$0.53

# MANHATTAN MATERNITY AND DISPENSARY

## HOME SERVICE

Number of patients on service September 30, 1910.	58
Number new patients visited in homes. . . . . women	958
babies. . . . .	908
Total. . . . .	1866
Total number of patients cared for in homes. . . . .	1924
Confinements in homes. . . . .	929
Babies born in homes. . . . .	908
Died in homes. . . . . women	0
babies. . . . .	9
Total. . . . .	9
Under treatment in homes, September 30, 1911. . . . .	44
Number of visits made to patients in their homes (including babies). . . . .	17739
Average visits per day. . . . .	48.6
Average cost per visit. . . . .	\$0.496
Discharged from home service. . . . .	1880
Total patient days treatment in homes. . . . .	18620
Total patients treated in all departments (including babies). . . . .	4782
Total patient days treatment in all departments. . . . .	33508
Average patients treated per day in all departments. . . . .	91.80
Students registered during year. . . . .	63
Daily average number of employees boarded in hospital. . . . .	28.4
Daily average number of student nurses boarded in hospital. . . . .	14.29
Daily average of Staff Doctors boarded in hospital. . . . .	3.89
Daily cost per capita for provisions for all persons sup- ported in hospital. . . . .	\$0.238
Average cost for entire care of mother and child during confinement in her own home from time of application until discharged. . . . .	\$12.02

At first glance, the fact that the daily average cost per patient on indoor service is less than that of the previous year might cause question—this, however, is due to the fact that while we have treated more patients in this branch of our work the total Current Expenses were less by about \$3000.00, and the Receipts were more by some \$1873.97.

Whereas last year only about 24% of the patients paid, this year we show 35% paying.

But of the 4782 patients treated *in all departments* (including babies), only 186, or less than 4% were pay patients, excepting the average of about \$10.00 a month received through the ten cent Dispensary fee. The collection of this fee from women who

## MANHATTAN MATERNITY AND DISPENSARY

apply for admission to our service, either indoor or outdoor, has been in operation only since April 1, 1911, such fee having never been asked for before. The applicants respond very readily as a rule, and seem to feel some pride in paying even so small an amount.

It may also be noted that while there is a small increase in the number of patients treated indoor, there is a decided difference in the outdoor making it appear that this service is falling off. A glance at the applications will show that this is not the case. A change in our method of rating patients in the two related departments—namely, the Dispensary and Home Service—explains this. The statistics of the future will of necessity, not show the annual increase that they have in the past unless our facilities are markedly increased. At present we are working up to very nearly our capacity, not altogether in the sense of space, but of people and other facilities with which to do the work. It is the policy of the hospital to assume only the amount of work that can be properly handled.

The opportunity is before us to extend, not only the maternity work, but to build up a service in related treatments that would materially increase the usefulness and reputation of this institution, had we the means for the support of such endeavors.

The "Thanksgiving Fund," upon which we have drawn from time to time to give temporary relief through our nurses to any destitute patients, is slowly but surely dwindling down, and it is earnestly hoped that some good friend will be raised up to give us another \$500.00 with which to continue this work. One case described may be of interest—a household consisting of parents and seven children, including new born baby—father ill seven weeks with rheumatism; furniture sold to procure food until there remained only a bed, very poorly equipped, no sheets, no pillowcases and only two, poor, light covers; three (3) chairs; one (1) small table; a very dilapidated bureau; an old ragged comforter on floor for children to sleep upon; and a two (2) burner gas stove (?) standing on a box, which furnished the only heat for the three rooms. The six (6) children were without shoes or stockings, and in no instance had more than three (3) articles of clothing, none of which were in good condition.

This family came on our service at a time of year when the temperature ranged from 50° to 60° F. The father, had at date of wife's confinement secured his first work, but of the ten (16)

## MANHATTAN MATERNITY AND DISPENSARY

dollars which he would receive on Saturday, eight (8) dollars must go to pay back rent.

The nurse supplied food, bedding and clothing for mother and infant from the Fund, and the case was reported by us to the " Association for the Improvement of the Condition of the Poor " who took charge of them until the father could earn enough, as he expressed it, " to set them upon their feet again."

When the nurse inquired about how the mother managed with so young children when she had no food, she replied, " Oh, I tell them there is none; and they are always very *good* and *patient*."

This was a self-respecting, worthy family which *needed food*, and the nurse was able to go out and bring it in at once, rather than being obliged to walk away from such need.

My excuse for offering so much detail is, because of my firm belief that it is only by thus showing the work of this institution that its worth will be appreciated, and the attention of many thus held, when figures alone would be of no use.

Sixty-three (63) medical students have been instructed, fifteen (15) house surgeons completed a course of three (3) months, and the work of the year has been accomplished with much earnest and conscientious effort on the part of doctors and nurses.

The educational value of the institution aside from the direct teaching of the doctors, students and nurses is becoming more evident each year; the number of emergency cases becoming less as the people learn the need of taking timely precautions. It is to such work as this that the public must look to make impossible in the future a repetition of a statement recently made in public, namely " the death rate among women in child birth is greater than that among soldiers on the battlefield."

Of our deaths among the mothers during the past year, with one exception, that being a brain trouble, the cause was one which might have been avoided had the people understood the danger earlier; but improvement in matters of this kind is observed.

Again Mrs. Henry A. C. Taylor's cheque for \$100.00 at Christmas time made it possible that each patient, both on indoor and outdoor service, also the employees and nurses, should be remembered, and good cheer brought to some who otherwise would have had very little. Mrs. Taylor's interest and generosity are greatly appreciated by all.

## MANHATTAN MATERNITY AND DISPENSARY

Because of the extensive repairs made last year nothing out of the ordinary has been required during the year just closed, the greatest item of expense incurred in this way being due to trouble with water pipes in the vicinity of the building.

This being one of the Hospitals belonging to the "Hospital Bureau of Standards and Supplies," I would recommend to your Board a continuance of our membership for the coming year.

Again at the close of another year we take pleasure in acknowledging the continued courtesy of Dr. Irving C. Fisher in transporting our emergency cases in the Presbyterian Hospital ambulance.

The Attending Surgeons and their Assistants have again during the past year watched over the medical interests of the hospital with unfailing attention, and when one takes account of the fact that any patient, no matter how poor, may, in emergency, receive the benefits of the City's foremost medical skill, he can realize better the value of such institutions as this.

Submitted,

NANCY E. CADMUS, R. N.,  
*Superintendent.*

October, 1911.

DURING THE HOT WEATHER

## REPORT OF THE PRINCIPAL OF THE TRAINING SCHOOL FOR NURSES.

To the Board of Directors of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

I beg to submit the Seventh Annual Report of the Training School for Nurses:

The present census of the school is as follows:

Principal of the Training School.....	1
Assistant Principal and Dispensary Nurse.....	1
Night Supervisor.....	1
Operating Room Nurse.....	1
Pupils.....	15

Daily average number of pupils in the Training School for the past year has been 14.29.

Total number of pupils entered.....	61
Total number of pupils graduated.....	52
Total number since organization of School.....	282

Of the 61 nurses entered, one was withdrawn because of illness, two suspended, six returned to finish course interrupted through illness, three of whom were last year pupils and three were expelled.

Schools applying for affiliation 19—9 accepted. Eight (8) new Schools being added to the list of applications. One School has withdrawn, because with a new Hospital, it has adequate material to supply this training to its pupils.

Fifteen (15) post-graduates asked for a course, none have entered however, as our facilities do not permit us to accommodate them.

The nurses have cared for 990 patients in Hospital.

Demonstrations to the Students and Internes, also the regular work of the Training School has gone on as usual.

The Dispensary and Home Service has had an interesting and profitable year.

Our Thanksgiving Fund is getting very low, and unless some kind friend will give something into our coffers am afraid this

## MANHATTAN MATERNITY AND DISPENSARY

worthy charity must be omitted. We have cared for 41 families, through this fund who were desperately in need of the assistance we could give them until we could communicate with the Association for the Improvement of the Poor, who then take these cases over, and provide food, fuel and raiment.

We have a very efficient corps of head nurses, and we have had an unusually profitable and congenial year. Everyone striving to do her best in the realm of her duties.

My personal thanks are due the Assistant Attending Surgeons for the twenty-eight (28) lectures to the nurses, and also my grateful acknowledgement for the never failing courtesy shown me by all in attendance here.

Respectfully submitted,

JEAN M. COUCHEUR, R. N.,  
*Principal of the Training School.*

### TRAINING SCHOOL FOR NURSES.

---

The Training School offers a three months course for Graduate Nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend Demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating room as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxaemia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Infant Feeding.

## MANHATTAN MATERNITY AND DISPENSARY

### Conditions On Which Schools Are Accepted.

All yearly contracts are made and signed by the Principal of the Training School or proper official of the Institution.

Should either school wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed on the first and fifteenth of every month. Should these dates occur on a Friday, Saturday or Sunday, the change is not made until the following Monday.

In case of illness where a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy; but, should the pupil be unfit for duty after the first week of training a graduate of this school must be substituted until the next class forms or until the former pupil is again able to return to her duties.

A pupil when ill, returns to home school for treatment where possible, or if this is not practicable, an arrangement with a General Hospital must be entered into so that pupils may be sent there.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tenement House Service a street uniform is provided by this school. During the winter months each pupil must bring with her a sweater and at least one pair of high shoes.

At their own expense, including laundry, graduate nurses room outside Hospital. They must wear their own school uniform providing it is not white.

No tuition is charged or remuneration given.

Owing to limited lodging accommodation, nurses are requested to bring only the necessary wardrobe and text-books.

Baggage should be sent directly to Hospital and must be delivered before 5 p.m. All laundry plain, without frills, and distinctly marked with owner's name.

Uniforms not to be worn on the street.

Added information may be obtained by applying to

JEAN M. COUCHEUR, R. N.,  
PRINCIPAL TRAINING SCHOOL.

## REPORT OF THE RESIDENT PHYSICIAN.

To the Board of Directors of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

On behalf of the Medical Board of the Hospital, I have the honor to submit the following report of the work during the year ended September 30, 1911.

	Indoor	Outdoor	Total
Number of patients in service			
Oct 1, 1910 . . . . . women . . .	16	31	47
babies. . .	11	27	38
Number of patients admitted			
during year. . . . . women . . .	515	958	1473
babies. . . .	14	0	14
Number of confinements. . . . .	457	929	1386
Living babies born during the year. . . . .	434	908	1342
Stillbirths during the year. . . . .	33	29	62
Miscarriages. . . . .	1	0	1
Abortions. . . . .	13	29	42
Died during year. . . . . women . . .	9		9
babies. . . .	22	9	31
Number of patients discharged			
during year. . . . . women . . .	495	966	1461
babies. . . .	412	914	1326
Number of ambulance cases. . . . .	62		62
Transferred to other institutions . . women . . .	1		1
babies. . . .	2		2
Number of patients in service			
Sept. 30, 1911. . . . . woman . . .	26	23	49
babies. . . .	23	21	44

## CAUSES OF DEATH

Women—Placenta praevia complete (shock hemorrhage). . . . .	2	0	2
Eclampsia. . . . .	2	0	2

## MANHATTAN MATERNITY AND DISPENSARY

### EDUCATIONAL DEPARTMENT.

#### Students

The hospital is located at 327 East 60th Street, between First and Second avenues, and can be reached directly by the Second avenue elevated railroad. The Second avenue surface cars are only half block distant, and the Third avenue elevated railroad station is at 59th street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for six Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Regular course is two weeks. Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in advance, in order to secure satisfactory dates for beginning their

## MANHATTAN MATERNITY AND DISPENSARY

terms of service. A fee of \$10.00 is charged for regular two-weeks course which must be paid on day of registration.

Attention is drawn to the fact the students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fulfil their agreement.

Physicians and students are termed " Internes " during their residence in the hospital.

### **Special Features of the Course of Instruction in this Hospital are:**

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

## MEDICAL SERVICE AND STATISTICS.

**THE MEDICAL BOARD.**—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Surgeons. The Attending Surgeons serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Surgeon on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Surgeon next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Surgeon on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

**THE ASSISTING ATTENDING SURGEONS.**—These Surgeons serve for periods of one month, during the service of their respective Attending Surgeon. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Surgeon on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff; is directly responsible to his Attending Surgeon for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Surgeon of any emergency occurring in said service. Each Assistant Attending Surgeon is present in the ante-partum room in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to visit the hospital, his duties are assumed by the Assistant next on turn.

## MANHATTAN MATERNITY AND DISPENSARY

**THE RESIDING STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital and are not absent from duty without permission from the Attending Surgeon. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital requires.

**THE RESIDENT PHYSICIAN.**—He has charge of all the medical work in the hospital under the direction of the Attending Surgeon on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Surgeon any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Surgeon any emergency occurring in the home service, and, at his discretion, also to the Attending Surgeon. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the Attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIANS.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER-GRADUATE COURSES.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital

## MANHATTAN MATERNITY AND DISPENSARY

all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases in the hospital are used as clinics, and Juniors are expected to attend.

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors

## MANHATTAN MATERNITY AND DISPENSARY

deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Student's Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATES OF WORK PERFORMED.**—Each Interne upon leaving the Institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular objects for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD: That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH: That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Percy R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

MOSES TAYLOR.	(L. S.)
FRANK L. POLK.	(L. S.)
CORNELIUS VANDERBILT.	(L. S.)

### SUPPLEMENTAL CERTIFICATE CHANGING NUMBER OF DIRECTORS.

WE, THE UNDERSIGNED, a majority of the Directors of the MANHATTAN MATERNITY AND DISPENSARY, a membership corporation heretofore incorporated, desiring to change the number of its directors, pursuant to Section 14 of the Membership Corporations Law, do hereby certify as follows:

THAT, Such corporation was organized for the purpose of erecting, establishing and maintaining a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for and treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THAT, A special meeting of such corporation was held on the 15th day of June, 1911, pursuant to due notice to all of the members of said corporation, according to the provisions of Section 26 of the Stock Corporation Law. That at such meeting the members of such corporation, by a majority vote, determined to change the number of its directors therein from nine to twelve, as more fully appears by the certificate of the Chairman and Secretary of such meeting hereto annexed and made a part of this certificate.

IN WITNESS WHEREOF, we have made, signed and executed this certificate, in duplicate.

Dated, this 15th day of June, 1911.

MOSES TAYLOR.

### CERTIFICATE OF CHAIRMAN AND SECRETARY OF MEETING.

WE, THE UNDERSIGNED, MOSES TAYLOR, Chairman, and HENRY R. TAYLOR, Secretary, of the Special Meeting of the members of the MANHATTAN MATERNITY AND DISPENSARY, held on the 15th day of June, 1911, do hereby certify as follows:

That such meeting was held at No. 30 Pine Street, in the City of New York, on the 15th day of June, 1911, on two weeks' notice in writing to each member of record, such notice having been served by mail, postage prepaid, directed to each member at his last known post-office address.

Pursuant to such notice the meeting was held at the time and place mentioned and the following members, being more than a majority of the members of said corporation, being present, in person, to wit.: Moses Taylor, Aeosta Nichols, Percy R. Pyne, Frank L. Polk, Henry R. Taylor and William V. S. Thorne, such meeting was duly organized by choosing Moses Taylor as Chairman and Henry R. Taylor as Secretary thereof.

The notice of the meeting and proof of the due service thereof was read and filed in the office of the corporation at the time of such meeting.

On motion, duly seconded the following resolution was offered for adoption:

"RESOLVED that the Directors of MANHATTAN MATERNITY AND DISPENSARY be authorized and directed to file a supplemental certificate, changing the number of Directors of MANHATTAN MATERNITY AND DISPENSARY from nine to twelve, in pursuance of Section 14 of the Membership Corporation Law."

That such resolution was duly adopted by a majority vote of all of the members of said corporation present at such meeting and voting in person.

Dated, this 21st day of June, 1911.

MOSES TAYLOR,  
Chairman.

HENRY R. TAYLOR,  
Secretary.

# MANHATTAN MATERNITY AND DISPENSARY

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is  
MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be admitted to membership in the corporation by the Board of Directors.

The affairs of the Corporation shall be under the direction of a Board of twelve Directors. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Directors, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but four shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Directors shall be Trustees and shall have exclusive control of the property and funds of the corporation.

## MANHATTAN MATERNITY AND DISPENSARY

### ARTICLE V.

The Board of Directors shall have authority to make by-laws, rules and regulations fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month, unless otherwise ordered.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE VI.

#### ENDOWED BEDS.

The Board of Directors may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VII.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting twelve Directors shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VIII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Directors, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

# MANHATTAN MATERNITY AND DISPENSARY

## BY-LAWS OF THE BOARD OF DIRECTORS.

### 1.—OF RULES AND REGULATIONS.

The Board of Directors shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Directors by a majority of those present.

### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Directors, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Directors. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a Visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Directors have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Board of Directors at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Directors shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Directors shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Directors may deem proper

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Principal of the Training School's Report.
6. Committee Reports.
7. Unfinished Business.
8. New Business.
9. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Directors, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

### RULES AND REGULATIONS.

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color. Charity patients are cared for in their own homes free of charge by the visiting doctors and nurses. The Hospital service is for all those requiring care during pregnancy, confinement, and the puerperium. The wards are for charity patients as well as for those able to pay \$1.00 per day.

Private Rooms range from \$15.00 to \$30.00 per week, according to size. A fee of \$10.00 is charged for supplies and use of Delivery Room at time of confinement. The above rate for Private Rooms does not include physician's fee.

The hours for receiving applications for ward, are 2 to 4 p.m., for private rooms, 11 a.m., daily excepting Sundays and holidays.

## REPORT OF THE SUPERINTENDENT.

To the Board of Directors of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

In submitting the Eighth Annual Report of the Manhattan Maternity and Dispensary for the year ended September 30th, 1912, the statistics, as tabulated below, afford an opportunity for all to judge, in a measure, of the activities of the Hospital during the year just ended.

Patients remaining in hospital September 30, 1911	49
Patients admitted to hospital	
Ward Free (including babies).....	310
Ward Pay (including babies).....	80
Private (including babies).....	73
Total.....	463
Confinements in hospital.....	405
Babies born in hospital.....	383
Discharged from hospital.....	833
Transferred to other institutions.....	7
Died in hospital.....	
..... women..	7
..... babies...	29
Total.....	36
Remaining in hospital, September 30, 1912.....	26
Total patients cared for in hospital.....	
..... women..	472
..... babies...	423
Total.....	895
Total days treatment in hospital	
Ward Free Patients.....	7856
Ward Pay Patients.....	1545
Private Patients.....	2091
Total.....	11492
Average patients per day.....	31.4
Average time per patient.....	12.84 days
Daily average cost per patient (including baby)...	\$2 45

## APPLICATION DEPARTMENT AND DISPENSARY

Applications for hospital service.....	598
Applications for home service.....	1249
Total.....	1847
Dispensary Visits.....	314
Average visits per patient.....	1.17
Average cost per visit.....	\$0.50
Average cost per patient.....	\$0.586

# MANHATTAN MATERNITY AND DISPENSARY.

## HOME SERVICE

Number of patients on service September 30, 1911.....	44
Number new patients visited in homes..... women.....	1062
babies.....	1048
<hr/>	
Total number patients cared for in homes.....	2154
Confinements in homes.....	1054
Babies born in homes.....	1048
Died in homes..... women.....	0
babies.....	21
<hr/>	
Total.....	21
Under treatment in homes, September 30, 1912.....	61
Number of visits made to patients in their homes (including babies).....	19148
Average visits per day.....	52.31
Average cost per visit.....	\$0.49
Discharged from home service.....	2093
Total patient days treatment in homes.....	20357
Total patients treated in all departments (including babies).....	4896
Total patient days treatment in all departments.....	34010
Average patients treated per day in all departments...	92.92
Students registered during year.....	33
Daily average number of employees boarded in hospital	28.49
Daily average number of student nurses boarded in hospital.....	16.73
Daily average of Staff Doctors boarded in hospital....	3.96
Daily cost per capita for provisions for all persons sup- ported in hospital.....	\$0.27
Average cost for entire care of mother and child during confinement in her own home from time of application until discharged.....	\$11.75

While the above figures show an increase in numbers and consequently in work, a study of the Treasurer's Report shows an increase in expenditures, and a lack of increase in the revenue. Some of the former is accounted for by the increase in the cost of living. In nearly every instance increases in wages and salaries have been made, although it gives me pleasure to be able to say that fully 75% of the employees have been on our payroll one year and more, even up to five years, hence received the natural and reasonable increase in remuneration.

The conditions under which we have worked have been very similar to those of the previous year, possibly the degree of poverty found among our patients having been a little less. That the work of this Hospital is needed in the district we cover,

## MANHATTAN MATERNITY AND DISPENSARY.

namely, 42nd to 125th Street, east of Fifth Avenue for the outdoor service, and from any locality for the indoor, is obvious, and all workers with whom we come in contact recognize its value. One of our needs is that of a social worker who, as a member of our staff, could be of inestimable value in the matter of promoting benefits other than those of our specialty. A plea is hereby put forth that the salary of such an official be provided for.

The event of greatest importance to us has been the purchase of the lot next on our west, the demolition of the old tenement building on that lot, and the completion of plans for the erection of a new, five story building on our own property, to be used as a nurses' home and to furnish some other much needed relief to the present Hospital building. Occupancy of this building is expected about April next.

It will be a great relief to me when we have the new building ready for the accommodation of these pupils, both because the benefit it will be to them and the comfort of mind I shall enjoy when all is directly under our supervision.

Something like \$1500 has been expended upon repairs, cleaning and general maintenance, the entire outside walls and iron work having been cleaned or painted. Fully \$400 was expended for washing interior walls and woodwork.

The change in our Ward Nursery whereby individual cribs for the babies were secured has been among our improvements.

While I cannot define in dollars and cents the benefits we have received from our membership in the Hospital Bureau of Standards and Supplies, I have realized its value as a standardizer in many ways. These Agreements placed by the Bureau would represent many hours and days of investigation by me, with the result that much would be far from effectual and with an expenditure of time and strength that is of much more value within the Hospital.

The Christmas season was again made one to be remembered through the generosity of Mrs. Henry A. C. Taylor, who sent us a check for \$100.

The Training School suffered a distinct loss last May through the resignation of Miss Jean M. Coucheur who had been connected with the Hospital nearly all the time since its organization, and whose personality and work undoubtedly had much to do with the successes the years have brought. The fact that Miss Coucheur was called to the Elizabeth Steele Magee Hospital

## MANHATTAN MATERNITY AND DISPENSARY.

Pittsburg, Pa. where she will enter a new field of broad opportunity, which she well deserves, is all that reconciles us to her loss. Other than this the personnel of the staff remains the same with one exception.

The total affiliations for the year have included eleven (11) schools. The year opened with thirteen (13) pupils with un-completed course, sixty-eight (68) have been entered, four (4) dismissed for cause, sixty-one (61) graduated, one withdrew because of ill health, and fifteen (15) carry into the new year. Two of the above graduates took post-graduate courses. The total number of graduates from this Hospital up to date is three hundred forty-three (343).

The continued courtesy of the Presbyterian Hospital in affording us the use of their ambulance, and the assistance of the Assistant Attendings and the Resident Physician in the instruction of the nurses calls for expressions of deep appreciation.

Submitted

NANCY E. CADMUS, R. N.

Lena Marguerita Boyce—Class '12 Red Cross Hospital, Manhattan.

## TRAINING SCHOOL FOR NURSES.

---

The Training School offers a three months course for Graduate Nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, care and cost of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend Demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating rooms as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxemia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Asphyxia.

## MANHATTAN MATERNITY AND DISPENSARY.

### Conditions On Which Schools are Accepted.

All yearly contracts are made and signed by the Superintendent or proper official of the Institution.

Should either school wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed on the first and fifteenth of every month. Should these dates occur on a Friday, Saturday or Sunday, the change is not made until the following Monday.

In case of illness where a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy; but, should the pupil be unfit for duty after the first week of training a graduate of this school must be substituted until the next class forms or until the former pupil is again able to return to her duties.

A pupil when ill, returns to home school for treatment where possible, or if this is not practicable, an arrangement with a General Hospital must be entered into so that pupils may be sent there.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tenement House Service a street uniform is provided by this school. During the winter months each pupil must bring with her a sweater and at least one pair of high shoes.

At their own expense, including laundry, graduate nurses room outside Hospital. They must wear their own school uniform providing it is not white.

No tuition is charged or remuneration given.

Owing to limited lodging accommodation, nurses are requested to bring only the necessary wardrobe and text-books.

Baggage should be sent directly to Hospital and must be delivered before 5 p.m. Because of limited equipment laundry is done only for pupils from schools longest in affiliation. All laundry plain, without frills, and distinctly marked with owner's name.

Uniforms not to be worn on the street.

Added information may be obtained by applying to

NANCY E. CADMUS, R.N.,  
*Superintendent.*

# MANHATTAN MATERNITY AND DISPENSARY.

## REPORT OF THE RESIDENT PHYSICIAN.

To the Board of Directors of the  
Manhattan Maternity and Dispensary.

Gentlemen:—

On behalf of the Medical Board of the Hospital, I have the honor to submit the following report of the work during the year ended September 30, 1912.

	Indoor	Outdoor	Total
Number of patients in service			
Oct. 1, 1911.....women...	26	23	49
babies....	23	21	44
Number of patients admitted			
during year.....women...	446	1062	1508
babies....	17	0	17

## EDUCATIONAL DEPARTMENT.

### Students

The hospital is located at 327 East 60th Street, between First and Second Avenues, and can be reached directly by the Second Avenue elevated railroad. The Second Avenue surface cars are only half block distant, and the Third Avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for four Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Regular course is two weeks. Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in advance, in order to secure satisfactory dates for beginning their

## MANHATTAN MATERNITY AND DISPENSARY.

terms of service. A fee of \$10.00 is charged for regular two-weeks course which must be paid on day of registration.

Attention is drawn to the fact the students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fill their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### **Special Features of the Course of Instruction in this Hospital are:**

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

### MEDICAL SERVICE AND STATISTICS.

**THE MEDICAL BOARD.**—This board consists of the Attending and Assistant Attending Physicians of the Hospital. The Attending Physician on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Surgeons. The Attending Surgeons serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Surgeon on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Surgeon next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Surgeon on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

**THE ASSISTING ATTENDING SURGEONS.**—These Surgeons serve for periods of one month, during the service of their respective Attending Surgeon. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Surgeon on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff; is directly responsible to his Attending Surgeon for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Surgeon of any emergency occurring in said service. Each Assistant Attending Surgeon is present in the ante-partum room in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to visit the hospital, his duties are assumed by the Assistant next on turn.

## MANHATTAN MATERNITY AND DISPENSARY.

**THE RESIDING STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital and are not absent from duty without permission from the Attending Surgeon. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital requires.

**THE RESIDENT PHYSICIAN.**—He has charge of all the medical work in the hospital under the direction of the Attending Surgeon on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Surgeon any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Surgeon any emergency occurring in the home service, and, at his discretion, also to the Attending Surgeon. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the Attending Physician at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIAN.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER-GRADUATE COURSES.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular course of two weeks' instruction. They are under the direct control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital

## MANHATTAN MATERNITY AND DISPENSARY.

all night except in the discharge of his duty, and no student can accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate provided that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the students make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All cases in the hospital are used as clinics, and Juniors are expected to attend.

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors

## MANHATTAN MATERNITY AND DISPENSARY.

deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

**RECORD OF STUDENTS' WORK.**—The record of the work performed by each individual graduate and undergraduate student is made up at stated intervals and entered in the Student's Record Book. A blank page from this book is herewith appended. From this it can be seen at a glance, at any time the amount of work performed in the Dispensary and Hospital services by each Interne, and it is of service subsequently in granting or withholding the diploma of the institution.

**CERTIFICATES OF WORK PERFORMED.**—Each Interne upon leaving the Institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

## MANHATTAN MATERNITY AND DISPENSARY

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular objects for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD. That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH: That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Percy R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

First Judicial District.

MANHATTAN MATERNITY AND DISPENSARY

APPROVAL OF THE STATE BOARD OF CHARITIES.

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY.

}

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

NOW, THEREFORE, In pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 8, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,

Attest:

President.

ROBERT W. HIBBARD,

(Seal.)

Secretary.

## MANHATTAN MATERNITY AND DISPENSARY.

### SUPPLEMENTAL CERTIFICATE CHANGING NUMBER OF DIRECTORS.

WE, THE UNDERSIGNED, a majority of the Directors of the MANHATTAN MATERNITY AND DISPENSARY, a membership corporation heretofore incorporated, desiring to change the number of its directors, pursuant to Section 14 of the Membership Corporations Law, do hereby certify as follows:

THAT, Such corporation was organized for the purpose of erecting, establishing and maintaining a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for and treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THAT, A special meeting of such corporation was held on the 15th day of June, 1911, pursuant to due notice to all of the members of said corporation, according to the provisions of Section 26 of the Stock Corporation Law. That at such meeting the members of such corporation, by a majority vote, determined to change the number of its directors therein from nine to twelve, as more fully appears by the certificate of the Chairman and Secretary of such meeting hereto annexed and made a part of this certificate.

IN WITNESS WHEREOF, we have made, signed and executed this certificate, in duplicate.

Dated, this 15th day of June, 1911.

## CERTIFICATE OF CHAIRMAN AND SECRETARY OF MEETING.

WE, THE UNDERSIGNED, MOSES TAYLOR, Chairman, and HENRY R. TAYLOR, Secretary, of the Special Meeting of the members of the MANHATTAN MATERNITY AND DISPENSARY, held on the 15th day of June, 1911, do hereby certify as follows:

That such meeting was held at No. 30 Pine Street, in the City of New York, on the 15th day of June, 1911, on two weeks' notice in writing to each member of record, such notice having been served by mail, postage prepaid, directed to each member at his last known post-office address.

Pursuant to such notice the meeting was held at the time and place mentioned and the following members, being more than a majority of the members of said corporation, being present, in person, to wit.: Moses Taylor, Acosta Nichols, Percy R. Pyne, Frank L. Polk, Henry R. Taylor and William V. S. Thorne, such meeting was duly organized by choosing Moses Taylor as Chairman and Henry R. Taylor as Secretary thereof.

The notice of the meeting and proof of the due service thereof was read and filed in the office of the corporation at the time of such meeting.

On motion, duly seconded, the following resolution was offered for adoption:

"RESOLVED that the Directors of MANHATTAN MATERNITY AND DISPENSARY be authorized and directed to file a supplemental certificate, changing the number of DIRECTORS of MANHATTAN MATERNITY AND DISPENSARY from nine to twelve, in pursuance of Section 14 of the Membership Corporation Law."

That such resolution was duly adopted by a majority vote of all of the members of said corporation present at such meeting and voting in person.

Dated, this 21st day of June, 1911.

MOSES TAYLOR,  
Chairman.

HENRY R. TAYLOR,  
Secretary.

MANHATTAN MATERNITY AND DISPENSARY.

STATE OF NEW YORK,        }  
COUNTY OF NEW YORK.    } ss:

MOSES TAYLOR, Chairman, and HENRY R. TAYLOR, Secretary, being severally duly sworn, each deposes and says that he has read the foregoing certificate subscribed by him and knows the contents thereof, and that the same is true and correct to his own knowledge.

Severally sworn to before me        }  
this 21st day of June, 1911.        } MOSES TAYLOR,  
HENRY R. TAYLOR.

New York County.  
Term expires March 31, 1913.

# MANHATTAN MATERNITY AND DISPENSARY.

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is  
MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to woman of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be admitted to membership in the corporation by the Board of Directors.

The affair of the Corporation shall be under the direction of a Board of twelve Directors. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Directors, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meeting, but four shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Directors shall be Trustees and shall have exclusive control of the property and funds of the corporation.

## MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE V.

The Board of Directors shall have authority to make by-laws, rules and regulations fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month, unless otherwise ordered.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE VI.

#### ENDOWED BEDS.

The Board of Directors may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VII.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read, unless otherwise ordered. At this meeting twelve Directors shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VIII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Directors, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY.

### BY-LAWS OF THE BOARD OF DIRECTORS.

#### 1.—OF RULES AND REGULATIONS.

The Board of Directors shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Directors by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence of inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Directors, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Directors. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY.

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Directors have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter herein on each visiting day their proceedings and observations, which book shall be laid before the Board of Directors at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Directors shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Directors shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Directors may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice-President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY.

### 10.—ORDER OF BUSINESS.

The Order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report.
4. Superintendent's Report.
5. Principal of the Training School's Report.
6. Committee Reports.
7. Unfinished Business.
8. New Business.
9. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Directors, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.

## MANHATTAN MATERNITY AND DISPENSARY.

The Manhattan Maternity and Dispensary performs its work through three channels, namely, the Application and Home Service, the Ward, and the Private Patient departments.

It is the purpose of the Institution to render help to all those in need at time of confinement, irrespective of creed, nationality or color. Charity patients are cared for in their own homes free of charge by the visiting doctors and nurses. The Hospital service is for all those requiring care during pregnancy, confinement, and the puerperium. The wards are for charity patients as well as for those able to pay \$1.00 per day.

Private Rooms range from \$2.50 to \$5.00 per day according to size. A fee of \$10.00 is charged for supplies and use of Delivery Room at time of confinement. The above rate for Private Rooms does not include physicians fee.

The hours for receiving applications for ward, are 2 to 4 p.m., for the private rooms, 11 a.m., daily excepting Sundays and holidays.

Average cost for entire care of mother and child during confinement in her own home from time of application until discharged . . . . .	\$12.49

On February 16th, 1914, this Hospital will have completed its ninth year of existence and work, having during that period steadily increased its usefulness until now its facilities are at times severely taxed. Since its opening it has cared for something over thirty thousand patients with a total of about two hundred thousand days treatment.

During the year ended September 30, 1913 the purchase of additional property on our west, the crection of a five story building for the accommodation of the nurses, and improvements within the Hospital have made it a memorable onc. The opening of this new Nurses' Home in June last brought with it the solution of several problems. Because of this additional space

## MANHATTAN MATERNITY AND DISPENSARY.

and the renovations within the Hospital, we now have most comfortable and pleasant accommodations for our officials, staff doctors, pupil nurses and servants, and further, have gained in the working space, a very complete private patient department; a much needed room for the preparation of the babies' food; an isolated ward much superior to our former one in every respect; an excellent pathological laboratory; a morgue; and what is appreciated perhaps even more than all the foregoing, increased space with marked improvement in its arrangement in that part of the Hospital devoted to the application and home service department. The cramped conditions under which we had been doing this feature of our work caused many difficulties and hindrances in its progress. As the Hospital is becoming better known and understood, the demands, many of which cannot be represented either in statistics or dollars, are increasing in a remarkable degree.

When reading the table of statistics one will doubtless be impressed by the comparatively small difference between the average number of patients treated per day in all departments and the average number of residents, including officials, doctors, nurses and servants. It needs to be borne in mind, however, that being distinctly a teaching institution with the frequent changes in both staff and nurses, the need of a large corps of resident instructors is unavoidable.

The creation of the position of pathologist and the appointment of Dr. E. S. L'Esperance of Cornell College to same, has been one of the notable events of this year.

The Christmas season of 1912 and 1913 was made a joyous one for patients both in the Hospital and on the home service, also for all others connected with this work, through the repeated generosity of Mrs. H.A.C. Taylor whose donation was augmented by gifts from Mr. Acosta Nichols and Dr. A. A. Moore.

The Hospital Bureau of Standards and Supplies continues to be an aid in the purchasing of our supplies.

Since the Presbyterian Hospital gave up its ambulance service we have received many courtesies from Flower Hospital in the transportation of patients to us.

## THE SCHOOL OF NURSING.

Our affiliations with schools connected with general hospitals now number eleven (11). Several applications from additional

## MANHATTAN MATERNITY AND DISPENSARY.

schools have been received, but, because the number of nurses through the above affiliations has been sufficient it has been necessary to refuse them.

The total number nurses graduated from this course up to date has been four hundred ten (410).

The benefits which we have secured as a result of having the new Nurses' Home are plainly noted in the improvement both in the health of the nurses and the personnel of the school. Our ability to have the school as a body directly under our supervision is a source of satisfaction to the nurses as well as all interested in the maintenance of desirable standards.

To the Attending Physicians for their expert supervision of the medical interests of the Hospital, and their continued services in lecturing to the pupil nurses, I would extend most earnest thanks.

Submitted

## TRAINING SCHOOL FOR NURSES.

---

The Training School offers a three months course for graduate nurses and pupils of a general hospital training school which is registered, or eligible for the same. On admission pupils are instructed in the preparation, and care of necessary supplies for a mother and child during the time of confinement.

The first week pupils assist and attend demonstrations in the wards and nurseries, and then are ready for their practical training with the mothers and babies.

Under a supervising graduate nurse, pupils are instructed and have the responsibility of the Delivery and Operating rooms as well as a general service on the Private Floor.

The last three weeks are spent in the Dispensary and Tenement House Service, where the nurse after having all the necessary appliances at hand is put on her own resources to improvise and carry out to the best of her ability the training and technique she has acquired in the hospital.

Weekly classes are held embracing the different branches of theoretical and practical obstetrics. In addition to this pupils attend the Cornell University Clinics held in the hospital, and also the following lectures given by the Assistant Attending Staff and Resident Physician:—

1. Embryology.
2. Asepsis and Puerperal Infection.
3. Toxemia of Pregnancy.
4. Abnormalities of Pregnancy.
5. Complications and Emergencies.
6. Care of Premature Infants.
7. Asphyxia.

## MANHATTAN MATERNITY AND DISPENSARY.

### Conditions On Which Schools are Accepted.

All yearly contracts are made and signed by the Superintendent or proper official of the Institution.

Should either school wish to discontinue the affiliation, notice to that effect must be given three months in advance.

Classes are formed on the first and fifteenth of every month. Should these dates occur on a Friday, Saturday or Sunday, the change is not made until the following Monday.

In case of illness when a pupil is in her first week of training and her school thinks it advisable to withdraw her, another pupil fills the vacancy; but, should a pupil be unfit for duty after the first week of training a graduate of this school must be substituted until the next class forms or until the former pupil is again able to return to her duties.

A pupil when ill, returns to home school for treatment where possible, or if this is not practicable, an arrangement with a general hospital must be entered into so that pupils may be sent there.

Pupils wear the uniform of their own school providing it is not white. Shoes must have rubber heels. When on duty in the Tenement House Service a street uniform is provided by this school. During the winter months each pupil must bring with her a sweater and at least one pair of high shoes.

At their own expense, including laundry, graduate nurses room outside Hospital. They must wear their own school uniform providing it is not white.

No tuition is charged or remuneration given.

Nurses are required to bring only the necessary wardrobe and text-books.

Baggage should be sent directly to Hospital and must be delivered before 5 p.m. All laundry plain, without frills, and distinctly marked with owner's name.

Uniforms must not be worn on the street.

Added information may be obtained by applying to

NANCY E. CADMUS, R.N.,  
*Superintendent.*

## MANHATTAN MATERNITY AND DISPENSARY.

### EDUCATIONAL DEPARTMENT.

#### Students

The hospital is located at 327 East 60th Street, between First and Second Avenues, and can be reached directly by the Second Avenue elevated railroad. The Second Avenue surface cars are only half block distant, and the Third Avenue elevated railroad station is at 59th Street.

Physicians or students actively engaged in the study of medicine are eligible for courses of instruction.

Students must present evidence of attendance on at least two courses of instruction at any recognized medical college.

Students are requested to place on the hospital books at the time of registration an address by which they can be reached at any time during the year.

Instruction is given during the entire year.

There are accommodations for four Internes in each class.

The hospital conducts both home and in-door service.

Those taking the course personally deliver cases in the home service under the direct supervision of the Resident and the Attending Staff.

Undergraduates are not allowed to perform operations.

Regular course is two weeks. Special arrangements for a longer course of instruction may be made on application.

The hospital supplies all instruments and drugs.

The hospital guarantees attendance on at least six cases of confinement for each one taking the regular course.

The instruction includes, in addition to the management of labor cases, the examination of pregnant women and the personal treatment of women and children during the puerperal state.

Instruction is given both by the Resident Staff and the Attending and Assistant Attending Physicians.

It is recommended that students register several weeks in advance, in order to secure satisfactory dates for beginning their

## MANHATTAN MATERNITY AND DISPENSARY.

terms of service. A fee of \$10.00 is charged for regular two-weeks course which must be paid on day of reservation.

Attention is drawn to the fact the students enter into a definite agreement with the hospital when they register their names. The hospital guarantees them an opportunity to begin their service upon some particular date, and therefore refuses all other applicants for that date. Students are therefore requested to notify the hospital immediately when they discover that they will be unable to fill their agreement.

Physicians and students are termed "Internes" during their residence in the hospital.

### Special Features of the Course of Instruction in this Hospital are:

FIRST.—Combined hospital and home services.

SECOND.—The classes of Internes are limited in number.

THIRD.—Individual instruction of Internes by the Attending and Hospital Staff.

FOURTH.—Daily ante-partum examinations of pregnant women.

FIFTH.—Attendance upon and personal care of cases of confinement by the Internes.

SIXTH.—Demonstrations of the special phenomena of pregnancy, labor, the puerperium and the new-born child.

SEVENTH.—Bedside instruction in labor and the puerperium.

### MEDICAL SERVICE AND STATISTICS.

THE MEDICAL BOARD.—This board consists of the Attending and Assistant Attending Surgeon of the Hospital. The Attending Surgeon on duty acts as Chairman of the Medical Board. Regular meetings of the Board are held monthly, and special meetings may be called at any time upon request of one or more of the Attending Surgeons. The Attending Surgeons serve in regular rotation, for periods of one month. They visit the hospital daily. The Attending Surgeon on duty has entire charge of all the medical work of the hospital, and presents a written report of his term of service at the end of the same. Whenever he is unable to visit the hospital, his duties are assumed by his regular Assistant, but the Attending Surgeon next on turn assumes his duties whenever the regular Attending is absent for two or more consecutive days. The Attending Surgeon on duty acts as a representative of the Medical Board in all questions of routine, or of emergency, subject to the approval of said Board.

THE ASSISTING ATTENDING SURGEONS.—These Surgeons serve for periods of one month, during the service of their respective Attending Surgeon. They visit the hospital daily, recording the visit in the attendance book. The Assistant Attending Surgeon on duty has direct charge of the Dispensary or out-door service of the hospital. He sees that each patient in the Dispensary service is visited by the Hospital Staff; is directly responsible to his Attending Surgeon for the proper conduct of the Dispensary service, and, when feasible, notifies the Attending Surgeon of any emergency occurring in said service. Each Assistant Attending Surgeon is present in the ante-partum room in the hospital, one day each week between the hours of two and four, for the instruction of Internes and to insure accuracy in the recording of histories. He gives such other instruction and performs such other duties as are prescribed by the Medical Board; and, when he is unable to visit the hospital, his duties are assumed by the Assistant next on turn.

## MANHATTAN MATERNITY AND DISPENSARY.

**THE RESIDING STAFF.**—They are regular graduates of medicine, and are appointed for periods of three months. They reside in the hospital and are not absent from duty without permission from the Attending Surgeon. They engage in no other business than that of the hospital, nor in private practice, nor are they allowed to accept any fee or present of any kind from patients cared for by the hospital. The Medical Board reserves the right to terminate the service of any member of the Resident Staff whenever the interest of the hospital requires.

**THE RESIDENT PHYSICIAN.**—He has charge of all the medical work in the hospital under the direction of the Attending Surgeon on duty. He keeps himself informed of the condition of each patient in the indoor service, and sees that she is visited by the Staff and Internes at the proper intervals. He immediately telephones to the Attending Surgeon any emergency occurring in the indoor service, and also reports by telephone to the Assistant Attending Surgeon any emergency occurring in the home service, and, at his discretion, also to the Attending Surgeon. He sees that all histories are properly recorded by the Internes, and inspects the histories each day. He assists in the instruction of Internes, is responsible for the proper conduct of Internes and Staff in their relation to patients, and reports to the Attending Surgeon at his regular visit the condition of the hospital service.

**THE ASSISTANT RESIDENT PHYSICIAN.**—They have charge of the Dispensary or Home Service of the hospital, under the direction of the Resident Physician, and visit each case during labor, and instruct the Internes at such visits. They also visit post-partum cases as often as their condition demands, or the Resident Physician may direct, and immediately report to the hospital any emergency occurring in the Dispensary service, and perform such other duties as the Resident Physician may direct.

**UNDER-GRADUATE COURSES.**—All Internes, before going on duty, must pay the prescribed fee to the Registrar of the hospital, and receive a receipt, which entitles them to the regular course of two weeks instruction. They are under the direct control of the Resident Physician, and are assigned cases in regular rotation. No Interne can be absent from the hospital

## MANHATTAN MATERNITY AND DISPENSARY.

all night except in the discharge of his duty, nor can he accept any fee or present from any patient under any circumstances. They keep accurate records of all cases assigned to them on blanks provided for the purpose, and upon returning from a case immediately make the entry of their notes upon the history chart. They report the condition of patients during labor at regular hours, using the blanks provided for that purpose. They visit such post-partum cases as may be assigned to them, and do such other work as the House Physician may direct. At the termination of service they receive a certificate stating that they have performed their duties satisfactorily to the Medical Board. Each Interne must present evidence of attendance upon two courses of instruction in some recognized Medical College before going on duty.

### SYNOPSIS OF COURSE.

**JUNIOR WORK.**—During the first week of the Internes' course they are first instructed by the Resident Staff concerning the contents of their labor and post-partum bags, and taught their use. The methods in vogue at the hospital are explained and rules given to be followed in the conduct of outdoor cases. The student is advised to read in connection with actual cases observed, and is encouraged to ask for help on all doubtful points. When a labor call comes in, the Junior accompanies a Senior to the case and acts under his direction, assisting in various ways and observing the Senior in his conduct of the case. During the progress of the case a member of the Resident Staff always calls to assist in the case and to give instruction. Post-partum calls are made in all cases for nine days and the Junior receives his instruction in these from the Resident Staff and Seniors. In case of an abnormality a member of the Resident Staff sees the case in consultation with the Interne, and demonstrates the case and advises treatment. Ante-partum examinations are held daily in the hospital, the interne make the examination under the direction of the Assistant Attending Physician or the Resident Staff. All ward cases in the hospital are used as clinics, and Juniors are expected to attend.

**SENIOR WORK.**—When a labor call comes in, the Senior takes charge of the case and a Junior accompanies him. Post-partum and ante-partum work is the same as for Juniors. Seniors

## MANHATTAN MATERNITY AND DISPENSARY.

deliver cases in the homes under the direction of the Visiting and Resident Staffs. Clinics are made of all abnormal cases, and when possible, students are permitted to take active part on the cases. Students alternately make morning rounds in the hospital with Resident Physician, and post-partum work is then demonstrated. Clinics in post-partum bandaging, bathing and dressing of infants are given by the Supervising Nurse. Students keep accurate records of all work, and hospital records are kept of the same.

RECORD OF INTERNE'S WORK.—The record of the work performed by each individual graduate and undergraduate interne is made up at stated intervals and entered in the Interne's Record Book.

CERTIFICATES OF WORK PERFORMED.—Each Interne upon leaving the Institution is entitled to a certificate signed by the Medical Board, stating the number of cases that he has attended.

## MANHATTAN MATERNITY AND DISPENSARY

### CERTIFICATE OF INCORPORATION.

WE, THE UNDERSIGNED, of full age, being desirous of associating ourselves together for the incorporation and establishment of a hospital and dispensary, as hereinafter is more particularly described, pursuant to and in conformity with acts of the Legislature of the State of New York relating to membership corporations, do hereby certify and declare as follows:

FIRST: That we are all of full age and are all citizens of the United States, and six of us are residents of the State of New York.

SECOND: That the particular OBJECTS for which said corporation is formed are as follows:

To erect, establish and maintain a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THIRD. That the CORPORATE NAME by which said corporation hereby to be formed shall be known and distinguished is and shall be the MANHATTAN MATERNITY AND DISPENSARY.

FOURTH: That the TERRITORY in which the operations of said corporation are to be principally conducted is all that territory included within the City of New York in the State of New York.

FIFTH: That the PRINCIPAL OFFICE of said corporation shall be located in the Borough of Manhattan, City and County of New York and State of New York.

SIXTH: That the NUMBER OF DIRECTORS of said corporation shall be nine.

## MANHATTAN MATERNITY AND DISPENSARY

SEVENTH: That the names and places of residence of the persons to be the DIRECTORS OF SAID CORPORATION until its first annual meeting are as follows:

NAME.	RESIDENCE.
Moses Taylor,	Mt. Kisco, Westchester County, New York.
Percy R. Pyne,	Bernardsville, Somerset County, New Jersey.
Daniel S. Lamont,	2 West 53d Street, New York City.
Cornelius Vanderbilt,	15 Washington Square, North, New York City.
Frank L. Polk,	7 East 36th Street, New York City.
Henry S. Thompson,	995 Madison Avenue, New York City.
William Thorne,	32 East 50th Street, New York City.

EIGHTH: That the ANNUAL MEETING of said corporation shall be held on the first Monday of April in each and every year.

IN TESTIMONY WHEREOF we have made and signed this certificate in duplicate, and have hereunto set our hands and affixed our respective seals, this fourteenth day of March in the year one thousand nine hundred and one.

MOSES TAYLOR.	(L. S.)
FRANK L. POLK.	(L. S.)
CORNELIUS VANDERBILT.	(L. S.)

appeared Frank L. Polk, that on the fourteenth day of March, one thousand nine hundred and one, before me personally appeared Henry S. Thompson, that on the fifteenth day of March, one thousand nine hundred and one, before me personally appeared William Thorne, to me severally known, and known to me to be the individuals named in and who executed the foregoing certificate, and they thereupon severally acknowledged before me that they did execute the same for the uses and purposes therein set forth.

LEMUEL A. WELLES,  
(Seal.) Notary Public, New York County.

STATE OF NEW YORK, }  
COUNTY OF NEW YORK. } ss:

I, LEMUEL A. WELLES, a Notary Public, duly commissioned and qualified, do hereby certify that on this fourteenth day of March, one thousand nine hundred and one, before me personally appeared Cornelius Vanderbilt, to me known, and known to me to be the individual named in and who executed the foregoing certificate, and he thereupon acknowledged before me that he executed the same for the uses and purposes therein set forth.

LEMUEL A. WELLES,  
(Seal.) Notary Public, New York County.

I, THE UNDERSIGNED, a Justice of the Supreme Court of the State of New York, in and for the First Judicial District, do hereby approve the foregoing Certificate of Incorporation of the Manhattan Maternity and Dispensary, and consent that the same be filed.

Dated, New York, June 17, 1901.

JAMES A. BLANCHARD,  
Justice of the Supreme Court,  
First Judicial District.

**MANHATTAN MATERNITY AND DISPENSARY**

**APPROVAL OF THE STATE BOARD OF CHARITIES.**

STATE OF NEW YORK,  
STATE BOARD OF CHARITIES  
OFFICE AT THE CAPITOL,  
ALBANY, N. Y., June 4, 1901.

In the Matter of the  
Incorporation  
of the  
MANHATTAN MATERNITY  
AND DISPENSARY. }

WHEREAS, Application has been made to the State Board of Charities for its approval of the incorporation of the Manhattan Maternity and Dispensary; and

WHEREAS, On due inquiry and investigation, it appears to said Board desirable and proper that such Manhattan Maternity and Dispensary shall be so incorporated,

NOW, THEREFORE, In pursuance of and in conformity with the provisions of Chapter 559 of the Laws of the State of New York, passed May 8, 1895, the said State Board of Charities hereby certifies that it approves of the incorporation of the said Manhattan Maternity and Dispensary, the certificate of incorporation of which is hereunto annexed.

IN WITNESS WHEREOF, the said Board has this fourth day of June, 1901, caused these presents to be subscribed by its officers and its official seal to be hereunto affixed.

WILLIAM R. STEWART,  
President.

Attest:

ROBERT W. HIBBARD,  
(Seal.) Secretary.

# MANHATTAN MATERNITY AND DISPENSARY.

## SUPPLEMENTAL CERTIFICATE CHANGING NUMBER OF DIRECTORS.

WE, THE UNDERSIGNED, a majority of the Directors of the MANHATTAN MATERNITY AND DISPENSARY, a membership corporation heretofore incorporated, desiring to change the number of its directors, pursuant to Section 14 of the Membership Corporations Law, do hereby certify as follows:

THAT, Such corporation was organized for the purpose of erecting, establishing and maintaining a hospital and dispensary and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a maternity hospital where women may be received, cared for and treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a training school for nurses and to provide facilities for the instruction and training of women to be professional nurses.

THAT, A special meeting of such corporation was held on the 15th day of June 1911, pursuant to due notice to all of the members of said corporation, according to the provisions of Section 26 of the Stock Corporation Law. That at such meeting the members of such corporation, by a majority vote, determined to change the number of its directors therein from nine to twelve, as more fully appears by the certificate of the Chairman and Secretary of such meeting hereto annexed and made a part of this certificate.

IN WITNESS WHEREOF, we have made, signed and executed this certificate, in duplicate.

Dated, this 15th day of June, 1911.

## MANHATTAN MATERNITY AND DISPENSARY.

### CERTIFICATE OF CHAIRMAN AND SECRETARY OF MEETING.

WE, THE UNDERSIGNED, MOSES TAYLOR, Chairman, and HENRY R. TAYLOR, Secretary, of the Special Meeting of the members of the MANHATTAN MATERNITY AND DISPENSARY, held on the 15th day of June, 1911, do hereby certify as follows:

That such meeting was held at No. 30 Pine Street, in the City of New York, on the 15th day of June, 1911, on two weeks' notice in writing to each member of record, such notice having been served by mail, postage prepaid, directed to each member at his last known post-office address.

Pursuant to such notice the meeting was held at the time and place mentioned and the following members, being more than a majority of the members of said corporation, being present, in person, to wit.: Moses Taylor, Acosta Nichols, Percy R. Pyne, Frank L. Polk, Henry R. Taylor, and William V. S. Thorne, such meeting was duly organized by choosing Moses Taylor as Chairman and Henry R. Taylor as Secretary thereof.

The notice of the meeting and proof of the due service thereof was read and filed in the office of the corporation at the time of such meeting.

On motion, duly seconded, the following resolution was offered for adoption:

"RESOLVED that the Directors of MANHATTAN MATERNITY AND DISPENSARY be authorized and directed to file a supplementary certificate, changing the number of DIRECTORS of MANHATTAN MATERNITY AND DISPENSARY from nine to twelve, in pursuance of Section 14 of the Membership Corporation Law."

That such resolution was duly adopted by a majority vote of all of the members of said corporation present at such meeting and voting in person.

Dated, this 21st day of June, 1911.

MOSES TAYLOR,  
Chairman.

HENRY R. TAYLOR  
Secretary.

MANHATTAN MATERNITY AND DISPENSARY.

STATE OF NEW YORK,        }  
COUNTY OF NEW YORK.    } ss:

MOSES TAYLOR, Chairman, and HENRY R. TAYLOR, Secretary,  
being severally duly sworn, each deposes and says that he has read the  
foregoing certificate subscribed by him and knows the contents thereof,  
and that the same is true and correct to his own knowledge.

Severally sworn to before me    }  
this 21st day of June, 1911.    } MOSES TAYLOR,  
HENRY R. TAYLOR.

JOHN J. FLYNN,  
(Seal.)       Notary Public, No. 51, New York County,  
Cert. No. 3074 filed in Registers' Office,  
New York County.

Term expires March 31, 1913.

# MANHATTAN MATERNITY AND DISPENSARY.

## CONSTITUTION.

### ARTICLE I.

#### TITLE.

The name by which this Institution shall be known is  
MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE II.

#### OBJECT.

The object of the Corporation is to erect, establish and maintain a Hospital and a Dispensary, and to render and furnish medical and surgical treatment therein to persons requiring the same, and especially the establishment and maintenance of a Maternity Hospital where women may be received, cared for or treated during pregnancy or during or after delivery; to provide hospital accommodations for obstetric cases and the surgery of women and children; to supply medical and surgical treatment to women of the poorer classes during their confinement in their own homes; to provide facilities for the instruction of physicians and students of medicine; to establish and maintain a Training School for Nurses and to provide facilities for the instruction and training of women to be professional nurses.

### ARTICLE III.

#### MEMBERSHIP AND GOVERNMENT.

The Corporation shall consist of a Board of Trustees, who are thereby members, and of such persons as may be admitted to membership in the corporation by the Board of Directors.

The affair of the Corporation shall be under the direction of a Board of Twelve Directors. The officers of the Corporation shall consist of a President, Vice-President, a Treasurer, and a Secretary, who shall be selected annually by the said Board of Directors, from their own number and shall also be officers of the said Board. Not less than five members shall constitute a quorum for the purpose of electing officers, making or changing by-laws or for holding any special meetings, but four shall be a quorum for all other purposes and for stated meetings.

### ARTICLE IV.

#### TRUSTEES.

The Board of Directors shall be Trustees and shall have exclusive control of the property and funds of the corporation.

## MANHATTAN MATERNITY AND DISPENSARY.

### ARTICLE V.

The Board of Directors shall have authority to make by-laws, rules and regulations fill vacancies in their own body; appoint agents and physicians; and generally to adopt such measures as the objects of the Corporation shall require.

The Board shall meet at the hospital for the transaction of business on the third Thursday of each month, unless otherwise ordered.

Special meetings may be called by the President, or in case of his absence or inability to act, by the Vice-President, on the written requisition of five members of the Board, two days previous notice of the time and place of such a meeting and of the subject proposed to be considered must be given, and no other subject shall be discussed or acted on at such meetings.

### ARTICLE VI.

#### ENDOWED BEDS.

The Board of Directors may designate amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

### ARTICLE VII.

#### ANNUAL MEETING.

The Annual Meeting of the Corporation shall be held on the first Monday of April, when a report of the transactions of the past fiscal year shall be submitted and read unless otherwise ordered. At this meeting twelve Directors shall be elected.

In case of failure to hold the Annual Meeting on the day specified, a special meeting shall be called for the purpose.

### ARTICLE VIII.

#### AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular Meeting of the Board of Directors, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the members present, but the affirmative vote must not be less than five.

## MANHATTAN MATERNITY AND DISPENSARY.

### BY-LAWS OF THE BOARD OF DIRECTORS.

#### 1.—OF RULES AND REGULATIONS.

The Board of Directors shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these By-Laws, and may be amended at any meeting of the Board of Directors by a majority of those present.

#### 2.—OF THE PRESIDENT.

The President shall preside at the meetings of the Corporation and of the Board. He shall appoint all special committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be ex-officio, a member of all Committees.

#### 3.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President or during his absence of inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President pro tem shall be chosen by the Board.

#### 4.—OF THE TREASURER.

The Treasurer shall have the custody of all bonds, title deeds and other papers and documents relating to the property of the Corporation and of all the moneys belonging thereto. He shall also have the custody of the seal of the corporation. He shall keep one or more accounts in the name of the Corporation with an institution approved by the Board and shall deposit therein all moneys upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures and financial condition of the Corporation. He shall pay no moneys without resolution of the Board of Directors, except such amounts as may be necessary for the monthly pay roll and supplies and ordinary repairs and disbursements.

#### 5.—OF THE SECRETARY.

The Secretary shall keep the minutes of the Corporation and of the Board of Directors. He shall carefully preserve all records and all papers directed to be filed, and generally perform such duties as usually pertain to the office.

## MANHATTAN MATERNITY AND DISPENSARY.

### 6.—OF THE VISITING COMMITTEE.

1. There shall be a visiting Committee of two appointed by the President, each member to serve for two months.

2. It shall be the duty of this committee to visit all parts of the hospital building, including the wards, kitchen, store rooms and engine room. They shall ascertain whether all the rules and regulations of the Directors have been carried into effect, inquire as to the conduct of the House Officers, nurses and attendants and see that proper attention is paid to the cleanliness and order of all parts of the hospital and grounds; and shall also, when they deem it necessary, examine the members of the Medical Board as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes and enter herein on each visiting day their proceedings observations, which book shall be laid before the Board of Directors at its meeting.

### 7.—OF THE MEDICAL DEPARTMENT.

The Board of Directors shall appoint annually as many Attending Surgeons and Assisting Attending Surgeons, as the service of the Hospital may require. These shall together constitute the Medical Board.

The Board of Directors shall appoint a Resident Physician and a House Staff, consisting of as many members as the service of the Hospital may require.

### 8.—OF ENDOWED BEDS.

A Gift of Five Thousand Dollars shall entitle the donor and his successors, if any such be designated by will or instrument in writing, to nominate, from time to time, a patient to use and occupy one bed in the wards of the hospital free of charge, subject, however, to the rules and regulations governing the admission, treatment and discharge of patients. In the case of a corporation the privilege shall endure for such period and under such provisions as the Board of Directors may deem proper.

### 9.—OF COMPLAINTS SUSPENSIONS OR DISCHARGES.

If any Officer, Physician or Surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the rules of the Hospital, or refuse or neglect to execute the same, the President or Vice President shall have power to act.

## MANHATTAN MATERNITY AND DISPENSARY.

### 10.—ORDER OF BUSINESS.

The order of Business shall be as follows:

1. The Roll Call.
2. Reading of the Minutes of the preceding meeting.
3. Treasurer's Report
4. Superintendent's Report.
5. Principal of the Training School's Report.
6. Committee Reports.
7. Unfinished Business.
8. New Business.
9. Adjournment.

### 11.—ALTERATION OR ADDITION.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Directors, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on an affirmative vote of a majority of those present.
